Temporary Chairman Blames Bob for Desertion As Conclave Opens

SAYS TIME IS AUSPICIOUS

Character and Extent of Opposition Stimulate Activity, Is Claim

By Associated Press

St. Paul—A purpose to organize a new national political party, despite "the cruel and unwarranted attitude of Senator La Follette," was expressed at the opening Tuesday of the national Farmer-Labor-Progressive convention by William Mahoney, St. Paul, temporary chairman of the gathering.

Mr. Mahoney reviewed the history of the Farmer-Labor party in Minnesota, told the delegates that the time was "auspicious to disrupt the old party," and urged them to act in unity so as to "end the reign of the exploiters."

"This is not primarily a La Follette movement, but a working class movement with La Follette as an important factor," he said.

"When this convention was first projected last November," Mr. Mahoney told the delegates, "it was never realized that such diverse obstacles would be encountered. It was thought that it was the thing that every progressive element in America wanted."

"We have since learned, however, to our great surprise and sorrow, that we were encroaching on the sacred ground and infringing on the progress of certain would-be great political leaders and organizations and we have had to overcome the most energetic and malignant opposition."

DEFY LA FOLLETTE

The character and extent of this very opposition have, however, had the effect of stimulating our determination to see this convention through even though La Follette himself was inciting to joining the effort to kill it."

He sketched the conference of last November, at which the present convention was decided upon and said the sentiment "was for a coalition movement by which a national campaign could be conducted and state units could be organized, upon which a national Farmer-Labor party could be built."

He said the conference did not specify any particular organization as eligible for representation, the idea being, "that we could not afford to be divided on questions of academic doctrine but that all workers and all progressive should unite on a basis of common economic interest." He added they hoped then to carry enough states to throw the presidential election into the house of representatives.

STATE REJECTS ALL BIDS ON GRANDSTAND ADDITION

By Associated Press

Madison—All bids on additions to the state fair grandstand in Milwaukee have been rejected. J. D. Jones, state commissioner of agriculture announced Tuesday, and the project will not be taken up for some time. Rejection of the bids will mean the addition cannot be built this year, it is said. The project will cost approximately \$150,000.

WOMAN STABBED WHILE USING SKILLET ON THUG

Chicago—Mrs. Beadie Bobis, a restaurant employe in Cicero, Ill., a suburb was stabbed and probably mortally wounded by a bandit who attempted to rob the place today. She defended herself with a frying pan, but the robber knocked her down, seized her by the hair, demanding to know where the money was kept and when she struggled and screamed, stabbed her.

Rifled Mailsacks In Abandoned Car Clear Up Robbery, Is Claim

Farmer Discovers Automobile In Field Sunday But Believes It Belongs to Picnic Party.

By Associated Press

Chicago—Discovery at Joliet of 25 sacks of partly looted registered mail taken in the sensational holdup of the Chicago, Milwaukee and St. Paul fast mail train last Thursday night, 32 miles north of Chicago, all but clears up the mystery surrounding the most daring train robbery in railroad history, A. E. Germer, chief postal inspector here, said Tuesday.

The finding of the rifled sacks entirely supports the police theory and will be part of the evidence against the prisoners now held by the police, Mr. Germer said. He added there was no longer doubt that the police had at least some members of the train robbery band.

"We have much evidence which we cannot divulge," Mr. Germer said, but the police have some of the robbers."

He added, however that none of the stolen mail had been found in the possession of the prisoners.

There were many packages lying among the sacks which apparently contained jewelry and were untouched.

The markers on the bags showed that most of the mail was consigned to Minneapolis, Seattle and other points of the northwest, and one bag was destined for China.

One of the packages was mailed out of the stock yards station, June 12.

The discovery of the car was reported to Sheriff Walker Tuesday morning by Albert Murphy, a tenant on the farm where the machine was found. Murphy told the sheriff that he noticed the car in pasture Sunday morning and he and his wife were returning home from church, he thought it might be a picnic party which had driven into the field for lunch. He had no occasion to go in the field until Tuesday morning and when he saw the machine still there he went to investigate.

"On seeing that the machine was filled with mail-sacks he jumped into his car and drove into Joliet to notify the sheriff."

T. T. Teedale of Morris, a highway patrolman between Morris and Joliet on the Champaign road, told Sheriff Walker that he had noticed the car standing in the field Saturday morning but thinking that some one had suffered a breakdown, and had pulled over the road so that no one would strip his car while he went for assistance.

Teedale did not investigate, he said. "I intended to see if the car was still there yesterday but I was busy and didn't have a chance," Teedale said, "and did not have time for it this morning."

While Murphy came to Joliet for the sheriff, Mr. Murphy guarded the loot-filled machine.

Immediately after his arrival at the spot where the car was found, Sheriff F. Walker called Postmaster Bolton. The car in question is a dark red in color, and bears the monogram "D. G." The license number 88-985.

ACCIDENT VICTIMS ALL RECOVERING

Seven people who have been taken to St. Elizabeth hospital within the last ten days as the result of auto accidents all are making good progress toward recovery.

Mrs. Roy Oakley of Sherwood, who was hurt badly Sunday in a collision at Sherwood, and whose condition was reported as critical, showed improvement Tuesday and has good chances for recovery. Roy Oakley, her husband, and Rudolph Jacobson of Kaukauna, who were in the same accident, also are improving rapidly.

Miss Eleanor Pilger, the Manitowoc young woman who suffered critical injuries in the automobile which was hit by a passenger train at Superior crossing on the night of June 6, has made good progress toward recovery and will be able to sit up in a few days. Clifford Seiler, another occupant of the same car, will recover completely in a short time.

Frank Pilger and Anton Panosch, members of the Manitowoc party who were less seriously injured, have left the hospital.

COMMITTEE WORKS TO OUST PITTSBURG PLUS

By Associated Press

Washington, D. C.—The House committee on the public treasury and criticizing the Democrats for not taking a more pronounced stand against the Cape Cod canal bill, Representative Nelson of Wisconsin, Republican insurgent leader, in a review of the work of congress placed in the congressional record Tuesday declared the insurgent "success" "exceeded by far our hopes."

The insurgents, Mr. Nelson said, "by preventing reactionary legislation and promoting many progressive measures, gave the session an unequalled record in defying forces seeking special privileges, and by refusing to wear party shackles, unshackled congress."

Taking up specifically every important piece of legislation before the house, the Wisconsin representative explained the insurgents' attitude. Referring to the McNary-Haugen farm relief measure, he said the insurgents "knew that it was not the intention of regulars to permit it to pass, because it was serving 'to block the way of any real farmers' relief legislation."

"Let them misrepresent us, as radicals," he concluded.

"This only reveals that we are ing special privileges, and by refusing to wear party shackles, unshackled congress."

Farmer - Labor - Progressive Ticket Offers LaFollette Nomination

MUST ACCEPT PLATFORM

Communists Interested in Policies, Not in Individuals Is Claim

By DAVID LAWRENCE

Copyright, 1924 by the Post Pub. Co.

St. Paul—Senator Robert M. La Follette of Wisconsin will be given another opportunity to run for the presidency on the Farmer-Labor-Progressive ticket. His reputation of the Communists who are assembled here for conference has led to bitter feeling but the extreme radicals in the Farmer-Labor movement are willing to abide by the strategy of their more conservative comrades and present the Wisconsin senator for his endorsement. If he accepts he must agree to run on the platform adopted here.

The platform will not be Communist, according to C. E. Ruthenberg, secretary of the Workers' Party of America and an avowed Communist. He recognizes that his group is in the minority here and simply says that if La Follette is to receive the nomination of the delegates here, he must agree to take the platform.

HOPE FOR THIRD PARTY

"We are not interested in individuals," said Mr. Ruthenberg, "but in principles and parties. Out of this conference, he hope will grow a third party. If Senator LaFollette doesn't accept, we shall probably nominate Duncan MacDonald of Illinois, former head of the United Mine Workers of that state, and William Bouck of the State of Washington, for president and vice-president respectively. We expect to put a ticket in the field in at least 40 states in the coming election. We have already been organized and have considerable strength in Minnesota, North and South Dakota, Nebraska, Montana and Washington, and this year we have organizations in Massachusetts, New York, Connecticut, Indiana, Illinois, Missouri, California, Pennsylvania, Ohio, New Jersey, Kansas, Oklahoma, and Colorado."

WANT SOCIAL LEGISLATION

The platform to be adopted will be along the lines of the Farmer-Labor party program of which demands social legislation for the farmer and worker. To understand the situation here, it is necessary to appreciate that in the Minnesota primaries this week, the Communists who are really the left wing or radicals of the Farmer-Labor party, have entered a complete ticket and even a man to oppose Senator Magnus Johnson who in the eyes of the Communists is a conservative. The Communists realize they are in the minority, and, of course, if their ticket loses they will support Magnus Johnson and any other candidates who win the Farmer-Labor party nominations.

It so happens that the Farmer-Labor party is the dominant political body in this state as the Democratic party has been a virtually obliterated while large numbers of the Republicans have joined the Farmer-Labor party. Under such circumstances it is inevitable that the Farmer-Labor

Washington, D. 35 MERCHANTS COOPERATE IN DOLLAR SALES

Outstanding Values Are Offered Discriminating Shoppers for Two Days

Tomorrow and Thursday will be important days for the buying public of Appleton and its vicinity, for on those two days Appleton merchants will hold their semi-annual dollar day sales. Shoppers are sufficiently familiar with the savings that are possible on these buying festivals to make extensive comments on them unnecessary.

Thirty-five of the most progressive merchants in the city are co-operating to make this bargain festival one of the greatest successes in the Fox river valley. These merchants include all of the outstanding dealers in most commodities. They are holding their sales at the same time so that the shopper will have an opportunity to buy almost everything he needs at bargain prices and do it all in one shopping journey.

COLLEGE BUYS 17 ACRE TRACT FOR ATHLETIC FIELD

Property East of John-St Bridge Will Be Converted Into Stadium

Through negotiations completed on Monday afternoon, the college has acquired 17 acres of land in the lower Fourth ward for a stadium and athletic field, meeting the need existing for years for a suitable place to conduct football games, track meets and other college events.

Eleven acres was bought from William Dieckrich, 308 South River, and six acres from Chester Lathrop, 302 South River. Possession will not be taken immediately, because the owners are using the land for farming and will be allowed to harvest their crops. It is possible, however, that the new field will be used for the first time when the track season opens next spring.

Commander Attacks Coolidge Veto of Pension Measures for Vets

Jahner—Commander A. S. Easton attacked the policy of President Coolidge on pensions in his annual address given before the vets of the Wisconsin G. A. R. here Tuesday. "We asked for bread and received a stone," he said, and concluded with "that veto of principal may prove a boomerang by vetoing his election next November."

Sections of all the associated organizations were held Tuesday morning. Mrs. Belle Bliss, national president of the Women's Relief corps and National President Mrs. Drusilla Thayer of the National Alliance, Senior vice commander of the National G. A. R. Frank Walsh of Milwaukee was among the speakers at a reception meeting which filled the high school auditorium Monday night. The program included responses from all associated orders and the presentation of flowers and gold pieces to the commander.

Ruhr Will Not Be Evacuated Until Guarantees Are Set Up, Is Verdict

Paris—The declaration of Premier Herriot's cabinet, submitted to parliament Tuesday, affirms that the Ruhr will not be evacuated until the guarantees provided in the Dawes report have been set up.

Other features of the declaration include a pronouncement for the restoration of normal relations with Russia.

The ministry stands for the disarmament of Germany by the allies and as soon as possible by the league of nations. It would find a solution of the problem of France's security through guarantees payments under control of the league of nations.

Penknife Used In Operation Saves Boy, 10

Madison—A surgical operation with a pen knife, on Martin Ferguson, 10, Wausau, aboard a railroad train stalled two miles east of Winona, Minn., Monday is declared to have saved the life of the Wausau boy, according to physicians here Tuesday. The operation was performed by Drs. Arnold Jackson, Madison, and Dr. H. W. Meyer, New York.

The boy, accompanied by his parents, was bound for the Mayo clinic at Rochester, according to a report from Dr. Jackson, who he became seriously ill. He was given radium treatment for a papilloma on the larynx. The boy became unconscious and could breathe only with difficulty.

Drs. Jackson and Meyer happened to be on the train and were called in to consultation. It was declared that the operation was necessary to save the boy's life. The physicians did not have their surgical instruments and as a last resort, a pen knife was brought into play. The larynx was opened and a stethoscope tube inserted in the wind pipe enabling the boy to breathe.

DESCRIPTION OF MAN WANTED FOR SLAYING BRIDE OF WEEK IS BROADCAST BY RADIO

By Associated Press

Shawano—At the conclusion of a 36-hour search for the slayer of a 62-year-old woman believed to be Mrs. Jean Rae Cummings of Grand Rapids, Mich., at Wittenberg, Saturday, authorities of more than a dozen counties in the state were of the general opinion the man had fled to Canada.

The suspect hunted is George P. Cummings, husband of a week of the slain woman. He is younger than his deceased wife, by more than thirty years, Grand Rapids friends of the dead woman say. Late reports from Victoria, British Columbia, state a man known as George P. Cummings opened and a stethoscope tube inserted in the wind pipe enabling the boy to breathe.

Police and county officials in possession of many grousable facts in connection with the slaying profess ignorance of the manner in which the slaying succeeded in eluding pursuit. Beyond scattering reports of northern townsmen that a man, answering the general description of Cummings had been seen traveling in dilapidated automobile in the direction of Superior Sunday after noon and night, no later reports have come to inform as to the fate of the flight.

EXPECTED LONG HONEYMOON

It was in Shawano that the brake bands of the car went bad. Cummings repaired them and as he was at work, his bride became engaged in conversation with Mrs. Cummings spoke of that town. Mrs. Cummings expected of a "very long and happy honeymoon."

As Cummings worked at the brake bands he suddenly raised his head and asked his wife to hand him a wrench from the rear carrier of the car.

Groping for this instrument, Mrs. Cummings drew out the blanket in which, less than twenty-four hours later, her cramped body was wrapped, and bound.

Where the Cummings pair spent Friday night is not known. They appeared at the tourist camp at Wittenberg about 4 o'clock Saturday afternoon. They retired to their tent early and Mrs. Cummings was never seen alive again.

FINDING OF BODY CLEARS MYSTERY

Port Washington—Finding of the body of Fred Lindner, Milwaukee, late Monday in 20 feet of water, about 200 feet from the place where the body of his companion, Miss Mabel Hanson, Blair school teacher, was found in Miller's lake, near Saukville, clears up a mystery which has baffled authorities of Sheboygan since Saturday.

That Lindner came to his death from heart disease aggravated by excitement in attempting to save his companion from drowning, is the belief of Coroner George Horn, here. It is believed the couple attempted to exchange seats in the boat in which they were riding and the girl lost her balance and was submerged.

No trace has been found of the fugitive husband beyond his appearance in Caroline Sunday afternoon, several hours after the crime.

EQUIPPED FOR CAMPING

The authorities on Monday arranged with the broadcasting stations in Stevens Point, Wis., and in Minneapolis to broadcast descriptions of Cummings and the car in which he is supposed to have started north.

Inasmuch as Cummings has a complete camping outfit, plenty of food, considerable money and the automobile, the Shawano authorities said Monday night they believed he would try to hide out in the woods and later make his way to Canada.

BoxingLawrence Sport Season
Closes With Brilliant
Outlook For Next Year

Prospects for Successful 1924-1925 Campaign in All Branches Is Bright As Stars Plan to Return.

With the coming of commencement, Lawrence athletes are dispersing to their various destinations for the summer holidays, several of them for the last time. The proportion of graduates is very small, however, and material for next year looks extremely promising in all branches of college sports.

Backfield material for the grid squad is not as strong as it might be, but the line looks better than it has in years, and will average about 190 pounds to the man. Leonard Stoll, captain elect, heads the list of varsity players who will return next year. Kiesel, Packard, Holdridge, Gander, Christoph, Boettcher, Zussman, Kotal, DeRogio, Feldhausen and Olson are the other veterans who plan to return.

Besides these upper classmen there is a wealth of new material from last year's Freshman squad. Briese, Nobles and Nason are star backfield men, while Stark, Dunham, Hippke and Bayer play in the line. Dunham will be an especially valuable addition weighing a little more than 215 pounds.

GOOD MENU ARRANGED

Last season the schedule was awkward, and as a result the showing made by the eleven was not up to expectations. Three games were won, three lost and one tied. This year, Arthur C. Denney has arranged the program with the most important and hardest contests at the end, so that his men will have plenty of practice before meeting Beloit, which is considered the strongest school in either conference. The schedule for next fall is as follows:

Oct. 4, St. Norberts at De Pere; Oct. 11, Northwestern here; Oct. 18, University of Iowa at Iowa City; Oct. 25, Ripon here; Nov. 1, Carroll here; Nov. 18, Hamline here; and Nov. 25, Beloit there.

LOSE TWO CAGERS

Two men will be lost to the basketball string. Osgood Cook graduates this week, while Stewart Mills, freshman star of last year, has taken an appointment to West Point. Material in this branch looks even better than for football, Zussman, Hulbert and Collins, forwards, will return, and Collins, forwards, will also forward, will be back. Kotal, Christoph and Briese who played guard positions last year will do their stuff again, and Ashman is expected to fill the center position even better than last year.

The Lawrence cagers won 9 games out of 14 during the last season. Of the five defeats not one game was lost by more than 5 points. Marquette, Beloit and Ripon were responsible for four of the defeats, and as these are without doubt the strongest teams in this vicinity, the losses were no disgrace.

Coach Denney is planning an excellent schedule in basketball for next year, with at least one home game each week.

SCHEDULE WILL BE HARD

The tentative program is as follows:

Jan. 2, Milton college here (tentative); Jan. 8, 9, 10, tour of Loyola, Valparaiso and Notre Dame; Jan. 16, Ripon here; Jan. 23, Carroll at Milwaukee; Jan. 24, Marquette here; Feb. 6, Beloit here; Feb. 10, Marquette here; Feb. 14, Coe here; Feb. 20, Ripon there; Feb. 26, Knox here; Feb. 27, Carroll here; Mar. 3, Beloit there.

This is by far the most difficult schedule ever attempted by a Lawrence team. Several of the opponents chosen by Coach Denney have beaten the best teams in the east, and if his squad succeeds in defeating them, still harder games will be attempted in the future. Eight of the games will be conference games, which is more than enough to make the Blues eligible for the championship.

Last year they took third place both in the Midwest and in the State conference, despite the fact that most of the men were inexperienced.

THREE MARKS BETTERED

Three track and fieldmen broke school records last year, and practically the whole string of this year's veterans will be back next year. Rehbein bettered Vandehi's mark in the half mile, while both Courtney and McConnell broke Abrahamson's record in the pole vault which had stood since 1913.

It is Denney's plan to revive this branch after a lapse of more than ten years, and to bring it back to its former high standing. Cross country work will be started early in the fall, and the aspirants will be kept at work throughout the winter in Alexander gymnasium.

Forty men started working last year, but because of adverse weather conditions their start was late and it was impossible to get out as often as was necessary. However, the showing made despite this handicap was above that of the past three years.

Cooke, star hurdler, Groggen, javelin thrower, Hunt, half-mile, and Grille, quarter-mile, will be lost by graduation, but there is enough good material left to build up a strong aggregation, and probably some of the incoming freshmen will provide still more.

Chicago—Dave Shade of California was given a decision over Warmie Smith of Tulsa, Okla., in ten rounds.

WOMEN CHAMPIONS
MEET AT GLENVIEW

By Associated Press
Chicago — The annual three day medal play golf tournament of the Women's Western Golf association started Tuesday at Glenview and the players included champions and former champions from various parts of the country.

Among the stars competing are Miss Glenna Collett of Providence, R. I., former national and present north and south champion; Mrs. Dave Gaut of Memphis, western champion in 1920 and southern titleholder in 1922 and 1923; Mrs. S. L. Reinhardt (Elaine Rosenthal) of Dallas Tex., former holder of the western crown; Mrs. Melvin Jones of Olympic fields, former western and city champion, and Mrs. Lee W. Mida of Butterfield, winner of the medal play title last year.

Roy F. Babcock Is High Gun in Both Singles and Doubles Events

Despite wind and rain, 16 trapshooting fans entered the second registered shoot of the Appleton Angling and shooting club here Sunday and some excellent shooting was done. Mr. Claude E. Parmelee gave an exhibition of fancy rifle and revolver shooting early in the afternoon which was enjoyed by all those in attendance, and astounded them with many almost impossible feats. E. S. Ashley, another professional also assisted at the shoot.

Roy F. Babcock Sr., of Mattoon was high gun in the singles with a mark of 148 out of a possible 150. E. E. Hamilton, Two Rivers was second with 141 targets to his credit, and J. A. Schutte, of Manitowoc was third with 138.

Babcock also took first in the doubles events when he broke 41 targets out of 25 pairs. C. M. Hilgenberg of Kaukauna broke 32 for second place, and G. S. Hamilton of Two Rivers was tied for third with J. A. Schutte and C. W. Stribley, Kaukauna, each of whom broke 31.

Rehbein Named
Track Captain
Of Blue Squad

Wilmer Rehbein of Appleton Monday was elected captain of the Lawrence track and field squad for the season of 1925. Rehbein recently broke the college record in the half mile when he improved the mark set by Vandehi in 1914. He accomplished the feat in the Midwest meet at Ripon making the distance in 2 minutes, 1.10 seconds. The previous mark had been 2 minutes 1.25 seconds.

Ten members of this year's squad were awarded letters and sweaters for their work. They are Kotal, Cooke, Rehbein, Nobles, Courtney, McConnell Purvis, Hippke and Kingsbury.

Knoxville, Tenn. — Billy McGowan, Atlanta light heavyweight, and Bill Clemens, Knoxville, fought to a draw in eight rounds with the light heavyweight title of the south at stake.

BATTILING CUPID SEEMS TO HAVE NO TROUBLE KNOCKING DEMPSEY FLAT ON HIS SHOULDER BLADES, BUT KEEPING HIM THERE IS ANOTHER THING.

One consoling thing about the plight of the Athletics is that nobody but Connie Mack is surprised.

If it isn't one thing it is several others. During the war they couldn't find an army big enough to suit Babe Ruth, now they can't find an army suit big enough for him.

Chicago Clinches Hold
On First Division Place
By Beating Washington

Browns Move Up to Fifth Place By Defeating Athletics, 10 to 2, When Collins Gets Homer With Three On.

Because they refused to be so ungentlemanly as to beat Cleveland while Detroit was trouncing Boston, New York Tuesday is still clinging to the top rung of the American League ladder.

Builett Joe Bush, who apparently does not believe in the "you first" code of etiquette, did his best for eight innings to help his road-weary team mates pull away to a two game lead over their tenacious Fenway rivals by holding the Indians to three scattered hits, but in the ninth with the aid of Johnson's error, he handed a 2 to 1 victory to Speaker's tribe. Coveleskie pitched a strong game for Cleveland, keeping the Yanks' eight bingles thinly interspersed.

Detroit climbed to within a few points of second place by scoring a shut-out over the slugging Red Sox, 3 to 0. Lil Stoner let his opponents down with six hits.

BROWNS MOVE UP

The Browns moved up to fifth place by pounding out a 10 to 2 win over the Athletics. Collins took the heart out of Connie Mack's charges in the seventh when he combed Burns for a homer with three on.

Lyons helped win his own game with a single and a double. Landing on the long end of a 9 to 8 score in a seamy battle with Washington, Chicago took a firmer hold on first division berth, ruthlessly tramping on the hapless Cardinals to the tune of 7 to 2.

While the Cubs dropped the opener to the lowly Phillies, the Giants widened the breach between themselves and the Windy City aggregation to a game and a half. It was the Giants' first victory of the season over Hornsby and company who took four straight from the league leaders in the Mount City last month.

Alexander had to take to cover under a heavy bombardment of Philly hits in the second inning of the Philadelphia tussle and his team mates were evenly overwhelmed, 8 to 3.

Unable to do anything with Jess Barnes' offerings, Pittsburgh lost a 9 to 4 decision to the Braves.

Brooklyn continued its winning ways with a 5 to 2 triumph over Cincinnati.

EMBARASS DEFEATS
BLACK CREEK, 1 TO 0

Black Creek Sunday took the short end of a 1 to 0 ten-inning baseball game, in which the Embarrass club was victorious. The Black Creek team, known as Black's Kids, consists chiefly of homeplayers under 17 years of age.

It is the policy of F. X. Black to develop home talent as much as possible, and in doing so he has built up a fast and flashy club.

Each pitcher retired 11 men by the strikeout route, but Crawley of Black Creek had a slight edge over Slevers as far as hits were concerned. Crawley allowed four, one less than Slevers. The contest was the closest ever played in the Intercounty loop, and was well attended.

GREG IS CONFIDENT OF TOMMY GIBBON'S ABILITY

Most critics think Tommy Gibbons would be bowled over early in a return bout with Jack Dempsey. Harry Greb, middleweight champion, doesn't think so. "Dempsey can't stop a fast man," says Greb.

Burglar Gets
Gem Studded
Belt Of Champ

New York—Benny Leonard, lightweight champion of the world, has lost his diamond studded belt, a 2 to 1 bet from Tex Rickard. But it was not lost in a fair fight. Benny loaned the belt, several days ago, to his sister who placed it in the window of her store to attract customers. The lure proved too strong; somebody threw a brick through the window last night and made off with the prize valued at \$3,000.

QUESTIONS

1. Is there a limitation as to the length of the baseball bat?—E. M.
2. What is the weight of the official ball?—W. Mc.
3. If the batter hit a ball into fair ground in front of the plate, and before he moves out of his box, the ball rebounds and hits him, is it fair or foul?—L. F.

ANSWERS

1. The bat cannot be more than 42 inches in length. At the thickest part, it cannot be over two and three-fourths inches in diameter.
2. The official ball must weigh not less than five nor more than five and one-quarter ounces.
3. The batsman invariably stands in foul territory when at the bat, therefore a ball that hits fair, and bounds back and hits the batsman before he leaves the box is always regarded as foul.

FOX RIVER-FREMONT
GAME IS POSTPONED

Appleton Millmen Plan Return Game With McMillans at Oshkosh

Rain Sunday prevented the Fox River Paper Co. baseball team of Appleton from playing the game scheduled with Fremont there, and the members of the invading club went fishing instead.

A return game with the McMillans of Oshkosh is scheduled for next Sunday. This is the only club able to claim a victory over the Millmen this year, and the Papermakers will do their best to even the score Sunday.

The Fox River Paper team has won three games in four starts, and among its victories numbers one over the Kaukauna State League club, which Sunday beat Appleton.

Legion Names
Gorman Champ;
Awards Belt

Milwaukee — American Legion of Racine, will present Bud Gorman with a gold belt, emblematic of the heavyweight championship of the American Legion of America, when he meets Andre Balza, the Spanish heavyweight, at the Arena Ice Gardens, the evening of June 24. Gorman will have to defend the belt against any challenger in the American Legion for a period of one year.

Bud has been doing most of his training at Racine, but will move to Milwaukee next Thursday and finish his training here, working at Meyer's Sullivan Friday and Saturday, starting at 4 o'clock, as the other heavyweight will work from 2 to 3:30.

New Faces Appear On
Papermakers' Lineup
In Sheboygan Contest

Brielmaier Is Released and Will Be Replaced by Les Smith; Red Smith Plays Second, Ted Lamers Out.

Several new faces on the Appleton lineup will greet the fans who follow the Papermakers to Sheboygan Sunday. Brielmaier has been released by David Smith, Appleton manager, and Les Smith, the speedy lefthander who last year played in the Appleton outfield, will take his place. Red Smith, his brother, will play third base, Marty Lamers will hold down second, and Bergerino will be at short in the place of Ted Lamers who was injured in Sunday's disastrous contest. Ted's leg was ripped open by somebody's corks and several stitches were necessary to close the wound. Probably he will be back on the job in several weeks, but meanwhile the infield will be held down as outlined.

PLAY IN NEW PARK

Sunday's contest will give the Papermakers a chance to try out the new Sheboygan ball park. It is reputed to be by far the best and most up to date in the entire circuit, and the Chairmakers are fortunate to have the support of their fans. Sheboygan is practically the only team in the loop which is well off financially, and has always attracted large crowds at home games. The Papermakers and Chairs have not yet met this year. They were scheduled to play here on May 25, but that game was postponed to the end of the season because of inclement weather. The Appleton club should show a great improvement after its shakeup in consequence of its poor showing against Kaukauna, and having beaten the Falls earlier in the season should be able to do the same for the Chairs.

CANDIDATES FOR COUNTY OFFICES GET HATS IN RING

Plenty of Men Will Seek Voters' Favor at Election In Fall

Swinging with the national political pendulum, that of county politics is ticking away the hours and days remaining before the fall primary elections. Each day seems to bring some new hint or news of a prospective candidate or some one who has actively entered the field.

It is an assured fact that all the present office holders except the sheriff have a mind to hold their berths, and there will be no retirements from office this fall, unless the voters take matters in their own hands to decide their steps for them. Officers whose terms expire this year are Otto H. Zuehlke, sheriff; John E. Hansdorf, district attorney; Marie Ziegenhagen, county clerk; Miss A. Shannon, clerk of courts; Harry G. Koch, register of deeds; Frank M. Charlesworth, surveyor; Dr. Ellisworth, coroner. Besides these county officers, those of two assemblymen of Outagamie-co., Charles Schrimpf, Appleton, and Antonio Miller, Kaukauna, and that of state senator of Outagamie and Shawano cos., Anton Kuckuck of Shawano, will be voted upon in the September primaries, and the November general election, along with the election of state officers, congressman, United States senator and president of the United States.

ZUEHLKE OUT

Sheriff Zuehlke will not be able to enter the race for reelection, since the amendment to the state constitution allowing sheriffs to succeed themselves in office was defeated in the state referendum two years ago.

The same fact which two years ago kept former Sheriff Peter G. Schwartz out of the field will now permit him to reenter the race, and it is declared that he will be in the field this year. This contest will again be the center of interest and probably will draw as great competition as it did two years ago.

Those who have already announced their candidacy are Walter Scherck, deputy sheriff, Otto Wickert, undersheriff, both of Appleton, and Louis Mannebach, Little Chute. Besides Mr. Schwartz, Otto Daelke of Center who was in the race two years ago, James McEadden, assistant chief of police of Kaukauna, and John Wagner, superintendent of the county workhouse, have been mentioned.

The two known candidates for district attorney are John A. Lonsdorf, incumbent, and Attorney C. E. Behnke. Rumors also are afloat that Theodore Berg, former city attorney of Appleton, will be a candidate, and the rumors persist in spite of their denial by Mr. Berg.

NO OPPOSITION

Dr. Ellisworth, coroner, and Mr. Charlesworth, surveyor, probably will have no opposition, since they have been quite secure from rivals the last few years.

The report has been circulated that Vernon sheriff will compete with Mr. Shannon in the contest for the clerk of court office, and the same has been said of Elmer Johnston, who was a candidate two years ago.

Anton Jensen, county supervisor and president of Little Chute, is an admitted candidate for the office of treasurer, in opposition to Miss Zieg elhagen.

The common opinion is that John E. Hansdorf will have no opposition in his candidacy for another term as county clerk. A. G. Kroch will seek reelection as register of deeds, and W. F. Winsey, who was a candidate for that office two years ago, is considering reentering the race.

SCHIMPF IN DOUBT
Antonio Miller of Kaukauna, who was unopposed two years ago for assemblyman is again a candidate. It is not known definitely whether Charles Schrimpf will come out again as candidate for the Appleton assemblyman. It is understood that R. T. Carpenter, county supervisor, also will be a candidate for assemblyman.

John Ehlund of Wittenberg, having the endorsement of the Farmer-Labor league, is in the field for state senator from Outagamie and Shawano cos. Senator Antonio Kuckuck, it is reported said he will not seek reelection. Attorney Mark Catlin, former assemblyman, is mentioned as a possible candidate.

Boosting

Letters written by the chamber of commerce to other cities, especially when they are invitations to conventions or other gatherings, hereafter will carry elaborate publicity for Appleton. This will be possible because of a special letterhead that has just been printed.

The stationery will contain four pages instead of being a single sheet. The front page will be left blank for the correspondence. On the two inside pages there is a "spread" containing highly attractive pictures of buildings and agricultural and industrial features of the city.

Appleton's strategic location is indicated by a map which will be on the back page. It shows highway 10 leading to the city from the south along the shore of Lake Winnebago, and the group of state highways that radiates north, east and west from here on which the slogan "The Gateway to the Tourist Paradise" is based. "On Wisconsin's Main Street" is the way the location also is described. In the upper corner of this page are given sentence points about Appleton's advantages.

As a further advertisement the last page contains a line at the bottom. "This paper made and coated in Appleton."

Secretary Hugh G. Corbett will propose to organizations and firms here to use the same kind of stationery as a means of boosting Appleton. The engravings used in the printing will be loaned for that purpose.

HONOR MRS. HAUERT AT MOOSE MEETING

Mrs. Wilbur Hauert was elected one of the vice presidents of the State Association of Moose at the annual state convention in Racine on June 12 to 15. Mrs. Hauert represents the Fox River Valley in the state association.

Mrs. Clyde Cavert, senior regent, and Mrs. Everett Wright, were delegates of the local chapter of Women of Mooseheart legion. Others who attended the convention were Mrs. Louis Lohman, Mrs. Richard Wenzel and Mrs. Clara Green.

Peter Larsen was the delegate of the local chapter of Loyal Order of Moose. The alternate was Martin Lundgren. Reports of the convention will be given at the regular meeting at 8 o'clock Tuesday night in Moose temple. There also is to be an initiation.

REACTIONARIES SORE

According to reports from Washington there is considerable dissatisfaction in the Old Guard over the manner in which the Cleveland convention was handled by representatives of President Coolidge. It is said that the president's private secretary has been recalled from a pleasure trip in an attempt to iron out the difficulties. Mr. Coolidge himself is reported to be disturbed about the situation, which probably is newspaper gossip.

We think the president went into the Cleveland convention with the foreknowledge of what would be done, provided his influence prevailed. We think the transactions of that gathering were about what he expected, and of course he realized in advance that they involved the overthrow of that reactionary element in the party of which Senator Lodge was the directing genius.

Mr. Coolidge should not be alarmed over the lacerated feelings or threatened disaffection of the Old Guard. We attribute to him sufficient political sagacity to know that the success of the Republican party this year depended more upon suppression of the reactionaries than anything else. He must have understood that a party so hopelessly discredited as that which he was to be called upon to lead could be restored to public confidence only by cleansing itself of the men whose power and policies brought it to a condition of moral bankruptcy.

The Old Guard will vote for Mr. Coolidge in a unit. He need not be afraid of losing a single ballot. It has no place else to go under any circumstance and it always chooses the lesser of what it may regard as two evils. Moreover, any lack of activities on its part in the campaign will be productive of more votes than its aggressive cooperation might secure. People want a new deal from the Republican party or they will read that party out of existence. They would not be getting a new deal if the Old Guard were brought back into the councils of the administration to the extent that its feelings were placated and its joyfulness disclosed. What Mr. Coolidge should be, and what we have no doubt he is, concerned with is a forceful and convincing appeal to the soundly progressive and forward-looking people of the country. The Cleveland convention headed things in the right direction for the Republican party, and the president should be careful to see that it does not get off the track.

LAW BREAKING AT THE TOP

"The art of government," wrote Thomas Jefferson, "is the art of being honest." Unquestionably government without honesty must end in the ditch, yet there is a tendency in these times to imagine that public officers can be false to duty and even dishonest personally and "get away with it" without detection or serious damage to our institutions. Already this year the names of Fall, Forbes, Daugherty, and others, have become notorious. Governor McCray of Indiana has been found guilty of more felonies than Judge Anderson had ever known to be committed by one individual, and three congressmen have been brought under criminal charges, one of them promptly following Gov. McCray to the federal prison in Atlanta. Unfortunately all the offenders referred to represented the dominant political party, and in consequence there is a wide effort to belittle of-

fenses in high places and to distract attention by criticizing the investigators and their methods.

In addition to all this deliberate confusion, if not demoralization, of the public mind comes a publicly expressed and cynical disregard of law by no less a person than Senator Lodge. It happened that one George F. Elliott sent out in the name of the "Massachusetts Calvin Coolidge finance committee" an appeal for funds as follows: "There is no limit to the amount an individual may give to this committee. Large contributions will be divided as to give full observance to the requirements of the statutes." In other words, by all means give more than is legal if you can and will; it will be easy enough to get around the law. And what does the eminent Senator from Massachusetts do but support this easy-going view. Senator Lodge is thus quoted: "What's the use of talking about it in this way? There isn't a man in the senate who doesn't know how money is raised for campaign purposes. You talk here as if we didn't know money was raised in every state."

Possibly there is not a man in the senate "who" doesn't know how money is raised for campaign purposes," but probably there are few willing to come publicly to the defense of dishonest and illegal practice. One is reminded of Senator Watson's, "Why, senators, when we voted for prohibition we knew that the law could not be completely enforced in five or ten years," etc., implying that, so far as men who make the country's laws were concerned, the thing was a fraud that only the deluded people could be expected to believe in. When senators publicly reveal such an attitude toward enforcement and toward their duty of upholding the law, when crooks are found not only in a governor's chair but in congress and even in the cabinet, what can be expected of the less conspicuous office holders and of public morals generally. Who can wonder that law breaking and crime are increasing at an alarming rate?

IN A CAMPAIGN YEAR

One curious result of criticizing the investigations at Washington and ignoring the corruption uncovered, or what seems to be a result of that calculating policy, is now reported in the discharge of 107 employees of the Edison Storage Battery Company at West Orange, N. J. These men were told that they were no longer needed because business was reduced, and that business had been reduced (1) because of partisan investigations at Washington, (2) because of the passage of the soldiers' bonus bill, and (3) because of the failure of congress to adopt the Mellon tax reduction plan. When asked by a reporter why investigations at Washington should force a reduction in the number of this company's employees the manager who signed the notes of discharge answered: "Well, after the inquiries got under way many of our customers began to lose confidence in the government and cut down or stop their buying."

This is so obviously absurd that the open-minded observer can conclude only that the Storage Battery company decided to make political capital out of a slack season and do a little electioneering. The country's prosperity does not depend on keeping official corruption hidden. Confidence in the government should be increased rather than diminished by the clean-up following the scandalous disclosures at Washington. So far as business is affected at all, it should be forwarded rather than depressed as a result of a wholesome housecleaning by the government. What may be hurt is not business or the country but the dominant party's machinery, and evidently a campaign to undo the injury by seeking to place the blame elsewhere is well under way. Nothing is surprising in a campaign year.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

BELLY EXERCISE IN BRONCHITIS

In cases of chronic bronchitis (recurring winter cough) associated, as such cases so often are, with bronchiectasis (dilation or ballooning of bronchi) or with the production of an excessive amount of sputum (bronchorrhea) or with emphysema (ballooning of portions of the lungs) it is often beneficial to aid drainage by postural maneuvers; as we have already described in recent issues and to aid the breathing by exercises, provided the subject's condition permits exercise. If there is any doubt about that, the physician who knows the subject's condition can decide whether exercise is advisable.

There seems to be some impairment of the expiratory function in most cases of chronic bronchitis. That is, the individual breathes out with more difficulty, the chest does not empty itself as readily as it does in a normal individual, nor as completely. That's where the wheeze comes in. Where there's a wheeze there's difficult expiration, as a rule. This fact is most strikingly shown in true asthma. In the seizure of which the wheeze is wholly expiratory and there is comparatively little difficulty about taking in air (inspiration).

One of the easiest and least laborious exercises consists in standing before the mirror and drawing slowly expire, pressing upon the lower ribs and sides of the belly with your hands near the end of the expiration, and at the very end of the expiration with a bow to the woman or gentleman who is watching you perform. Repeat this several times night and morning, and after you've become accustomed you should repeat it some 20 times at a session.

Even less laborious and perhaps more effective in emptying the chest is artificial respiration manipulation in the way which everybody should understand—Schaefer's method. For this you assume the prone posture while a volunteer manipulates your breathing for five minutes night and morning. Unless you are quite stout it is better to place a folded blanket or hard pillow under your belly.

Provided the heart function is not embarrassed—as it sometimes is in chronic bronchitis—the best belly exercise is probably something like the eleventh, twelfth and thirteenth movements of the Second Brady symphony. Or just the eleventh and thirteenth if you're in very poor physical condition. Or the bare eleventh movement, then, if you're set entirely. The eleventh movement runs as follows:

Lie supine, hands on floor. Without lifting head or shoulders from floor, slowly raise both legs up to vertical, breathing in as you do it; then slowly lower them to floor again, breathing out. Repeat this only twice at a session at first and gradually increase as you grow accustomed to the exercise, until you can do it 20 times night and morning. If you find it more natural to breathe out as you raise your legs and in as you lower them, why suit yourself about that. But breathe and don't try to hold the breath during exertion. The twelfth movement is done in the same position, and consists of pulling the body up to sitting posture, and letting it down to supine as many times. The thirteenth movement is the eleventh revised and enlarged, same motif with variation as you do it, instead of merely raising the legs to the vertical, you carry the movement farther, flexing hips and knees each time so that the thighs nearly or quite touch the body for an instant before the legs are returned to starting position.

QUESTIONS AND ANSWERS.

In a Water Show

I am with a water show which compels me to be in the water all day and part of the night. I am having much trouble with my ears caused by water entering the inner ears and remaining there. I had an abscess in the inner ear and suffered a lot. Can you suggest any way to keep the water out? (Miss S. E. D.)

Answer.—Only the wearing of loosely inserted plugs of lamb's wool (not cotton) in the ear canals, when you must be in the water.

What Do You Mean Eric Acid?

I am troubled with an excess of uric acid, which my physician does not seem to understand very well. Can you recommend any remedy for this? (B. B.)

Answer.—I understand it even less well. In fact I don't know what you mean. Are you sure you haven't been taking the almanac seriously? (Copyright, National Newspaper Service.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Tuesday, June 20, 1899.

C. H. Birby of Chicago, formerly of Appleton, called on friends here.

The German Theatre company of Milwaukee was to give its next play at the opera house Sunday evening.

Frank Renner was building three new residences on Appleton street near Second-ave.

White House Dress Of All Eras Shown

BY FREDERIC J. HASKIN

Washington, D. C.—A dress belonging to Mrs. Warren G. Harding has just been placed on exhibit in the hall of historic American costumes in the national museum. This dress brings up to date the government's unique collection of costumes worn by feminine occupants of the white house. The government has now on display a costume belonging to each and every mistress of the white house up to the present time, with two exceptions: the first Mrs. Tyler and Rose Cleveland are not represented.

The collection is one of the most fascinating and famous possessions of the government. Strangers from all over the country, and even foreign visitors to this capital, seem to know about it and make a point of finding the costume hall.

The dresses are worn by plaster models and displayed in glass cases. No attempt has been made to reproduce the features of the white house ladies. In fact, each lady figure has identical features. The figures do vary in height, however, in order that the dresses may hang correctly. The history of American hair dressing is shown in this collection perhaps more vividly and completely than anywhere else. Mrs. Washington alone conceals her hair under a cap. In the next case, Mrs. John Adams, who was first lady of the land from 1787 to 1801, wears a simple pompadour, and a fat curl hangs over each shoulder. Dolly Madison is shown wearing one of her well known coiffures: a wide band encircling the head, ringlets around the face, and a small knot of curls high at the back of the head.

Mrs. Sarah Van Buren, who was hostess for her father-in-law from 1829 to 1841, wears a number of long curls reaching down to her shoulder and a graceful bunch of ostrich tips placed high at the back of her head. Mrs. James Findlay (1841), who acted as one of the hostesses for President Harrison, wears her hair in almost modern style. It is parted in the middle and a braid is coiled over each ear. And so the styles progress past the coronet braid to the fringed bang, the pompadour, and down to the marcel wave. The most impressive fact is that curls held a secure place in feminine circles for almost the entire first century of the republic, at least for gala dress.

Practically all the costumes are evening gowns. Mrs. Washington's dignified dress is of salmon pink silk, hand painted in a design of wild flowers and insects. A fichu covers her neck and arms and she wears mitts. Whether this beautiful dress figured at any historic occasion is not announced.

SOME LOW NECKS

Between the gown which dates from the end of the eighteenth century, and the dress of Mrs. James Findlay of 1841, there are several evening dresses with low cut necks and short sleeves. But at the Harrison inaugural ball, Mrs. Findlay of the demurely braided hair wore a mole colored plush dress. The plain

skirt touched the floor. The waist was plain except for a white lace collar which modestly covered her neck. The sleeves, the feature of the frock, were bigger and rounder than any modern muff, and these sausage sleeves ended in lace frills which fell over her hands.

One of the most interesting of all the costumes is that of Harriet Lane Johnston, who was the niece of Buchanan and who acted as hostess of the white house for him from 1857 to 1861. The national museum has the white moire antique silk which Harriet Lane wore as a bride. To this young administration hostess fell the duty of entertaining the Prince of Wales when he visited Washington in 1860.

Styles of 1859 are represented by the inaugural ball costume of President Benjamin Harrison's wife and that of his daughter, who assisted her father after Mrs. Harrison died. The gown worn by the daughter of the president at the Harrison ball

had a tight bodice pointed in front, a high neck, tight elbow sleeves, and a pleated skirt.

WHEN THEY WORE BANGS
Mrs. McKinley is represented in the government's collection by her inaugural ball gown of cream satin trimmed with point lace and embroidered with pearl beads. The figure representing Mrs. Roosevelt wears a blue evening gown, and Mrs. Taft is in white chiffon, embroidered for her in the Philippines and worn at the Taft inaugural ball. Mrs. Ellen Wilson is represented in a white evening gown, and Mrs. Edith Wilson in dignified black velvet. Mrs. Harding's costume is white satin trimmed with crystals and black tulle. It was worn by her at the first formal reception of the Harding regime.

Q. At what temperature should a cold storage room be carried? F. S. O.

A. Articles will be protected from injury in storage at temperatures ranging from 40 degree F. to 42 degree F. If storage concerns aim at the destruction of clothes moths in the articles entrusted to them, as well as protection from injury to these articles, the recommended temperature is 40 degree F. The maintenance of a temperature lower than 40 degree to 42 degree F. is needless and a wasteful expense. It is learned that if articles infested with moths are refrigerated at 18 degree F. for several days and then suddenly exposed for a short time to 50 degree F. and finally held permanently at about 40 degree F., all moth life in them will be killed.

Q. Was John Wilkes Booth considered a great actor? E. S. B.

A. Estimates vary somewhat concerning his ability as an actor. At the beginning of his career in Philadelphia he met with constant failure. He was frequently received with hisses. Later he played two seasons in Richmond where he was held in esteem. He then became a star and made a tour commencing at Montgomery, Alabama, and ending at Boston. This was on the west coast and he was commended particularly for his presentation of the part of Richard III. Both did not get a hearing in New York except at a few benefits.

Q. What will clean the asbestos in a gas heater which has turned black? D. L.

A. The Bureau of Standards says that when the asbestos in a gas heater becomes black it is generally because of an improperly adjusted burner, either the small holes from which the flame issues have become clogged or the air is improperly set. If the burner is cleaned and the air shutters adjusted so that the flame burns blue with a distinct blue inner cone, there should be no deposit of carbon (soot) when the burner is properly adjusted. Most of the carbon (soot) will probably burn off. When a burner is depositing soot, combustion is incomplete and the burner is dangerous on account of the formation of the poisonous gas, carbon monoxide, and should never be used under such conditions.

33 Students End Work In Conservatory

Thirty-three pupils of Lawrence Conservatory of Music received certificates from that institute at graduation exercises in Lawrence Memorial chapel Monday night. The exercises were well attended. This group includes those who have finished the two-year public school music course, the art course, teachers training course, and three-year public school music course. Certificates were presented by Carl J. Waterman, dean of the conservatory.

County C. E. Picnic Will Occur June 20

All Christian Endeavor societies of Outagamie-co will join in a picnic June 20 at a point on the bank of Fox river near Kaukauna. The picnicers are to assemble at the high school at Kaukauna at 5:30 in the afternoon and will go from there to the outing spot.

The program includes basket supper and a sunset service at which Vernon Couillard, formerly a student at Lawrence college, will engage "pup" for attendance at the state Christian Endeavor convention in Milwaukee June 26 to 29.

Societies of the First Congregational, Emmanuel, Evangelical, Memorial Presbyterian and Reformed churches of Appleton and those of Kaukauna, Seymour, Shiocton and other points will attend.

WEDDINGS

The marriage of Miss Gertrude Weyenberg, daughter of Mr. and Mrs. Martin Weyenberg, 776 Appleton st., and Edward J. Mollen of Little Chute, son of Mr. and Mrs. Henry Mollen, occurred at 8 o'clock Tuesday morning in St. Joseph church. The ceremony was performed by the Rev. E. N. Mollen, a brother of the bridegroom. Sylvester J. Mollen and Miss Marie H. Mollen attended the couple. Mr. and Mrs. Mollen will make their home in Appleton.

Miss Lorraine VanDenHeuvel, daughter of Mr. and Mrs. Anton VanDenHeuvel of Little Chute, and Stephen J. Mangold of Kaukauna, were married at 8 o'clock Tuesday morning in St. John church at Little Chute by the Rev. Francis Schoettl. The attendants were Miss Antoinette VanderWellen of Appleton, Lawrence Mangold of Flint, Mich., Miss Helen Mangold of Racine and George VanDenHeuvel of Little Chute. A wedding breakfast was served to 60 guests at the home of the bride's parents following the ceremony. The young couple will live at Kaukauna.

CHURCH SOCIETIES

Miss Hilda Boelt was elected delegate to the national convention of the Waltham league at St. Paul, Minn., in July at the regular meeting of Junior Olive Branch society Monday night in the parlors of Mt. Olive Lutheran church. Herbert Schultz had charge of the educational session. The meeting was followed by games and a social time.

APPLETON DELEGATES AT W. C. T. U. MEETING

Mrs. C. J. Glaser and Mrs. George Eberhardt, president of the Women's Christian Temperance union, are in Fond du Lac attending the national state jubilee celebration of the union, which opened at 2 o'clock Wednesday afternoon and continues through Wednesday. The sessions are being held in the Division 2 Methodist church. The Appleton delegates will return on Wednesday.

OPEN BIDS FOR NEW CHURCH WEDNESDAY

Bids for the construction of the new Methodist church building will be opened in the office of Dr. Samuel Plantz on Thursday evening. Dr. Plantz is the chairman of the building committee of the church. No announcement will be made until the figures have been tabulated and the committee has determined which contractors have been successful.

SCHWARTZ SEEKING SHERIFF'S OFFICE

P. G. Schwartz has taken out nomination papers and has begun his campaign for the candidacy for sheriff at the primaries Sept. 2. He served in that capacity for one term two years ago but was obliged to drop out of the race at the time Otto Zuehlke was elected because the constitutional amendment failed to pass which permits the sheriff to try for reelection for two consecutive terms. Mr. Schwartz now resides at 1023 Sixth st.

LETTER FROM JOHN ALDEN PRESCOTT TO SYDNEY CARTON

DEAR SYD:

This has been the most devastating and hectic week I have ever spent in my life. I have never thought it could be possible that an average ordinary man—who at least does not think himself a double-dyed villain—could have as much worry and trouble over peculiarly personal affairs as I have lately.

I sent you the newspaper clippings on the billboard affair. Could anything have been more unfortunate? By what malignant fate the Acme company just at this time should get into a row with the billboard company seems to me.

Of course, as usual, I had to be the martyr. I did not dream that the particular billboard outside my apartment would have the very day I complained of it. Paula Perier's name slapped across it in black letters.

Bill Gregory came to me and told me he thought I had been very foolish to make such an exhibition of myself over the sight of my old girl's name outside my window, and when I explained matters with him he laughed until I could have choked him easily and looked upon his grinning face turning black with joy.

I wrote a letter to Paula—because I knew that if I did not she would probably come to my office—and told her I would not be able to see her while she was in town. She would not have it that way at all.

She sent me a very compromising telegram saying she must see me. Then, Syd, I capitulated, swallowed my pride and called up the only woman that I thought could help me out—Ruth Ellington. I told her I wanted to ask her for some advice and also to return the six thousand dollars that I had of hers and apologize.

She told me I had better come over to her office that afternoon and let her see what she could do under any circumstances if it were not for Leslie. I told her that it was not for Leslie that I was asking her advice. She softened a little at this, but I could almost feel the cold air coming through the phone all during the interview. I was on needles and pins until it was time to go to her shop. In doing so I had to pass the Criterion Theater and, Syd, the line in front was nearly a block long, four abreast. Many of the people in the line knew me.

I think I suffered as did those people who had to go down through two lines of torture and be mauled by them with sticks and stones. It was worse for me, however, because I could not run the gauntlet. I had to walk slowly and set as though I did not mind their curious faces.

I arrived at the lingerie shop door without mishap and was glad when it closed upon me, even though the reception I received was not any too cordial.

(Copyright, 1924, NEA Service, Inc.)

TOMORROW: The letter continued—No sympathy from Ruth.

Two Sisters Are Brides At Double Wedding

The Misses Bertha and Marie Kortz, daughters of Mr. and Mrs. William Kortz of Kaukauna, were the brides in a double wedding ceremony at St. Nicholas church, Freedom Tuesday morning. Miss Bertha was married to John VanDern, son of Mr. and Mrs. Henry VanDern of Little Chute, and Miss Marie became the bride of William Geurts, son of Mr. and Mrs. John Geurts of Freedom.

Both ceremonies were performed by the Rev. F. J. Peters and the couples attended each other. A reception was held at the home of the brides at Kaukauna for the relatives during the day and a dance is to take place in the evening at the hall at Apple Creek.

Mr. and Mrs. Geurts will reside on a farm in the town of Freedom and Mr. and Mrs. VanDern at Little Chute.

Want Girls To Register For Onaway Camp

Registrations for the girl scout and camp fire at Onaway island at Waupaca have been made by 57 girls for the first week and 53 for the second week, according to Miss Eleanor Hall's records. Of the 57 who will be at camp during the first week, 34 will stay through the entire period. Miss Hall is asking that all girls who intend to go to camp register this week if possible so that they may be scheduled now for their physical examinations.

Registration for camp will not close until July 1. The capacity of the camp is 80 girls for each week.

PARTIES

Mr. and Mrs. Theodore Held entertained at a dancing party in Hotel Appleton Monday night. Forty couples were present.

The choir of Memorial Presbyterian church entertained at a shower for Miss Lucille Haferbecker Monday night at the home of the Misses Enola and Marie Greunko, 833 Morrison st. Miss Haferbecker is to be married soon to Len Heald. The choir presented a gift to the Rev. E. W. Wright at this time. The Rev. Mr. Wright leaves Thursday for Menominee, Mich.

A group of young people surprised Miss Myrtle Luuders at her home, 23 Bellvue-ct., Monday night. The occasion was Miss Luuders' birthday anniversary. Music and dancing entertained the guests, followed by a supper served in Chinese style.

Bernice Stark entertained 14 little friends at a birthday party at her home Saturday afternoon. Prizes at games were won by Rosella Krueger, Lucille Stark and Mary Jane Dehearty.

Mr. and Mrs. Peter Dietzen, 658 Main-st., were surprised Monday night by 50 friends and relatives on their tenth wedding anniversary. Carus and music provided the entertainment. Prizes at scharkopf were won by Chris Heerden, John Beaulieu and Charles Haase. Prizes at skat went to Oscar Massonett and Joseph Schulz.

Dr. and Mrs. E. A. Morse have returned from a several days' visit at their cottage at Three Lakes.

Finds Kellogg's Bran "Easy way to avoid constipation" after suffering for years

Constipation is a dangerous disease. It can lead to many others. Twenty years' suffering with constipation determined this man's health. Kellogg's Bran restored it—as it has done for thousands. This is what he says:

"Gentlemen: After eating Kellogg's Bran twice a day for one month I find it not only an 'Easy Way to Avoid Constipation,' but an easy and most pleasant way to cure it. I have been troubled with constipation for more than twenty years . . . after adopting the milk and bran diet I find my stomach greatly improved, and find it a specific for constipation. . . . I deem it only justice that you should know what your product has done for me, and what it is capable of doing for others."

(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

Kellogg's Bran relieves mild and chronic constipation because it is ALL bran. It brings sure results. It sweeps, cleans and purifies the intestine in nature's own way. Don't experiment. Only ALL bran can be 100 per cent effective.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to bring permanent relief—or your grocer returns your money. You should eat two tablespoonsfuls daily—in chronic cases, with every meal.

The flavor is delicious—nut-like—cooked and krumbled. Enjoy it with milk or cream, sprinkled on other cereals, cooked with hot cereals, or in the delightful recipes on every package. Made in Battle Creek. Sold by grocers everywhere.

TOO MUCH FUN AND NOT ENOUGH WORK IN MODERN SCHOOL

Phi Beta Kappa Speaker Discusses Changes in Educational Plan

"Urge only one extra curricular activity in college and then show them what scholastic training and brains can mean in that branch" was the advice of Dean George Clarke Selery, dean of the college of letters and science at the University of Wisconsin in giving the address "Scholarship as Sport" for the Phi Beta Kappa society and the public Tuesday morning. The address followed the annual business meeting of the Phi Beta Kappa society. Wenzel Albrecht gave two violin solos before the address.

Dean Selery's talk was delightful. He showed himself to be a keen student of human nature to be entirely up on current student opinion and to have a delightful sense of humor. Dr. Selery suggested that if scholastic achievements could be given as many awards and as much publicity as athletic achievements are given perhaps there might be an increase in their popularity. He recommends debate as one of the most profitable of outside activities, ranking drama and music next in importance.

2 TYPES OF EDUCATION

The speaker divided the education of the middle ages into two classes, the clerical or bookish education and

the education of chivalry or the knight's training. He showed how these two types of education went along together, each having its own honors bestowed within its scope for centuries. He gave witty examples of the outside activities of the students in the clerical type pointing to the fact that it was not permissible to draw a knife on the examiner in one school of the early days and that students were not allowed to carry firearms to classes in another. He mentioned their shaming dice even in church as shown by reports made by clergy who were sent to investigate university conditions.

After tracing briefly the history of the two types of education in the early days through the decline of the chivalrous education and the triumph of the bookish kind, he made a new division of education beginning about 1890. Students prior to that time, he said, were coached and worked hard in order to prepare for college if their masters thought them worthy of the scholastic life. Now, he said, the special coach was hired for another purpose.

GREAT CHANGE

"In 1890, a great change took place," said the speaker. "New things were introduced when the rank and file began to go to college. The great war which ended in 1918 accelerated the changes, made them greater and more rapid."

Since 1890, the speaker said, college attendance had grown and was followed by a remarkable correspondence in growth of the college curricula. There was a great growth in outside activity such as music, clubs, dramatics, journalism, debate, politics, educational society and above all a growth in sports for the joy of the game and the joy of victory. In view of these subjects taking their place in the regular life of the institutions

of learning, there has developed a student opinion, which considers them more important than scholastic activities and which has given considerable credence to the phrase "Don't let your studies interfere with your education." This opinion has grown outside of the schools especially with parents who would rather have a son a good mixer, the junior prom chairman or an athlete than a member of Phi Beta Kappa society.

"GET INTO THINGS"

"Every year I urge the students to get a grip on their studies before entering into activities," said the dean of Wisconsin university freshmen. "Do the fraternities cooperate with this?"

No, they begin at once urging their men and women to get into things before someone else beats them to it. They think more of getting into things than they do of high scholarship. Who gets the high scholastic offices? The athlete wins hands down although he may be the rottenest kind of a student always on the verge of losing his eligibility for sports. The minimum for eligibility for sports has become the maximum of scholarship. Keep eligible is the scholarship slogan."

His discussion of methods of keeping students from entering college and of sending the unit home at the end of the first term was especially interesting to the educators. In bringing the discussion to its climax, the doctor said that he was not discouraged because there were those who knew or were learning the joys of scholarship. He said that just as athletic honors are for the few, so scholastic honors probably were for the

KIMBERLY GRANTS PART OF CONTRACTS FOR WATER SYSTEM

Work Will Be Started at Once on Well and Trenches for Mains.

Contracts for the well, trenches, mains and hydrants for the new municipal waterworks plant at Kimberly were awarded by the village board at a meeting Monday evening. The board will convene next Monday to open bids for the pumping station and machinery and the stand-pipe, according to Henry Langenberg, village clerk.

J. J. Faust and sons of Kaukauna will drill the well which is to supply the water for the filters. It is to have an opening one foot in diameter and possibly will be sunk to a depth of 650 feet.

Digging of trenches through the various streets which will be served with few. He said that although nothing decisive can be done he feels certain that there is growing an awakening to the value of scholastic training and that it can be kept alive and growing.

News About And For Farmers

FARMERS TURNING TO SOYBEANS FOR WINTER HAY CROP

Soybeans Contain Food Elements Essential to Stock Development

BY W. F. WINSEY

Some farmers of Outagamie co., on account of the loss of their timothy and clover seedings and a certain shrinkage about the value of soybeans for hay and silage, the possible yield of soybean hay per acre, the time to plant soybeans, the various varieties, the amount of such to plant per acre, how to plant the seed and inoculation of seed.

Judging by what the experts say and experienced farmers say about the yield of soybean hay and its value as a feed for dairy cattle in displacing expensive commercial feeds, in five years time, the writer predicts that every progressive farmer hereabouts will be raising a patch of soybeans. This prediction is made in spite of the fact that it required 25 years to make alfalfa popular in this state, 10 years to prove that sweet clover is one of the best pastures known for cattle, and 50 years to hush opposition to that new-fangled contrivance, the silo.

R. A. Amundson, county agent, recently wrote that the farmers of Outagamie co. last year spent over \$400,000 for commercial feeds for their dairy cattle and that that amount of expense cut, deeply into the milk checks of the group. W. H. Steffensen, one of the leading dairymen in the vicinity of Appleton and breeder of pure bred cattle, told us that because he raised the elements of various balanced rations on his farm, he hasn't spent a cent during the past year for commercial feeds. This year Mr. Steffensen has 55 acres of alfalfa—a splendid stand—a part of which he will soon be cutting for hay beside alfalfa. Mr. Steffensen depends upon corn, oats and barley and roots. Put with those feeds some sweet clover for pasture, soybeans for their abundance of protein, and flax seed to displace oil meal and the feed conditions on a farm for variety, inexpensiveness and certainty of a crop, despite weather conditions, would be ideal.

One writer says that "with good care and an average barn, it is possible to have 250-pound butter fat cows if soybean hay, good silage, and home grown feeds, such as corn and oats, or barley and oats are used."

"Farmers who know that their clover and alfalfa acreage will not produce enough hay to last their cows through next winter plan now to plant soybeans as an annual hay crop instead of sowing a great many acres of oats or to plow up some timothy and clover meadows and plant them to soybeans."

Soybeans are valuable as a cash crop, as a crop for green manure and as a feed for cattle. A yield of from one to two tons of soybean hay per acre is not uncommonly large. For these reasons and the other a prospective shortage of hay this season, many farmers in the north part of the state are planting from 40 to 50 acres each of soybeans.

"The medium, maturing varieties, such as Ito San, the Black Eyebrow, and the Manchou are good for hay or silage, the light thin soils and the Early Wisconsin Black for the heavier and more fertile soils."

George M. Briggs, soybean expert of the Wisconsin college of agriculture, recommends with reference to raising soybeans the following:

1—Plant only on a well prepared seed bed.

2—Plant soybeans in rows when learning to handle the crop, especially on light soil and use 30 to 35 pounds to the acre.

3—On fertile heavy soil, they may be seeded in solid, one and one-half bushels to the acre, which brings a fine quality of hay and lessens the amount of labor required.

4—Excellent results are realized when soybeans are planted in this way on clean soil and when they are harrowed well as suggested for row planting.

5—Use a good inoculation.

6—When the plants are from four to eight inches high, harrow cross-ways of planting in the heat of the day.

7—Keep down weeds by frequent cultivation.

Mr. Briggs considers an acre of soybeans in value equivalent to three acres of oats or four acres of timothy.

ALFALFA HAD GOOD START IN DROUGHT

Grand Chute.—F. O. Letts, rural mail carrier, has convinced himself and neighbors that it is easier in a dry season to get a stand of alfalfa than either timothy or red clover.

Mr. Letts produced the evidence upon which the decision of the neighborhood is based in two ways. Last season under the same conditions he seeded one field of alfalfa and another to a mixture of timothy and red clover. After seeding both fields he had enough alfalfa seed left to reseed a half acre of the field he had already sowed to red clover and timothy. While all that is left after the drought and winter of the red clover and timothy to pay him for his labor and expense is an odd plant here and there, he has a splendid stand of alfalfa that will soon be ready for cutting. Moreover, in the part of the

Import European Wasp To Wage War Against Pestiferous Corn Borer

By NEA Service
Boston, Mass. — A tiny wasplike insect, transported from Europe, may be the salvation of the American corn crop.

Since 1917 the United States and Canada have been battling a losing fight against the European corn borer. Year by year this treacherous insect has eaten its way farther and farther into the corn belt, threatening this country's most valuable crop with destruction.

In Massachusetts alone, this insect has already done more than \$1,000,000 damage, not only to corn but to vegetables and other plants in the infested areas.

Now scientists connected with the U. S. Bureau of Entomology believe they have discovered the corn borer's nemesis.

It is a parasitic wasp that feeds on the corn borer itself, destroys the insect and its eggs and hatches.

EUROPEAN INSECT

Both corn borer and wasp come from Europe. The corn borer was first discovered here in 1917.

Broom corn, used for the manufacture of brooms, was being shipped to factories in Amsterdam, N. Y., and Everett, Mass., from Hungary and Italy. This, it is believed, was the way the corn borer got in.

Soon the insect was discovered in sweet corn and other forms of edible corn and forage. The area around Boston first was discovered infested and quarantined. Then the area around Buffalo and Schenectady, N. Y., became infested, and by 1921, a strip almost entirely surrounding Lake Erie, including Canada, came under quarantine.

ONE-TENTH INFESTED

Now, some 7500 square miles of corn land bordering Lake Erie on the United States side alone, are infested. The total area may very well reach to 15,000 square miles.

The fact that this is about 10 per cent of the total acreage of corn land in the United States points to the rapid spread of the corn borer since 1917.

Even today government men are scouting the quarantined and neighboring areas trying to prevent further spread of the insect. They are devoting themselves at this time to a general campaign of corn-stalk destruction and clean-up, before the first crop is planted. They are asking farmers to burn their old stalks.

To plow the stubble well and generally clear up their fields of all signs of last year's corn.

Government entomologists, realizing the weakness of this campaign against the corn borer have placed their faith on the insect's parasite. From an original importation of these wasps from France and Italy, the Bureau of Entomology has succeeded in breeding millions to be spread over the infested regions.

Results obtained from this means of battling the corn borer have been encouraging, say the entomologists. They have at least slowed up the advance of the devastating insect and promise in a few years to stop it altogether.

Odds at present are still in favor of the corn borer for the parasites have succeeded in destroying only a small percentage of their enemy so far. Some 24 other kinds of parasites are being tried out to help in a more rapid destruction of the corn borer.

SPRAYING APPLE TREES SAVES MONEY

Spraying apple trees saves 95 per cent of the fruit from attack by insects according to Ernest Stroober, who has an orchard of 1000 trees a short distance from Madison, just off the Middleton road.

Several thousand bushels of apples are sold every year by Mr. Stroober. Spraying the trees eliminates practically all damage by insects.

Four times each year the orchard is treated with an insecticide. Just before the trees blossom in the spring the first spray is applied. After the petals have fallen from the blossoms and the fruit has commenced to form the second spray is used. Two weeks later this is followed by the third spray and the final treatment comes about the last of July or the first of August.

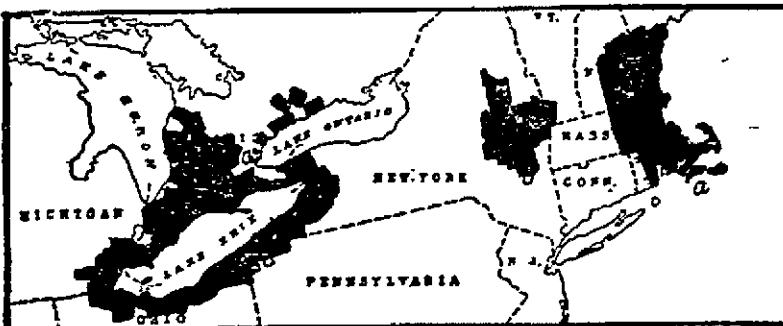

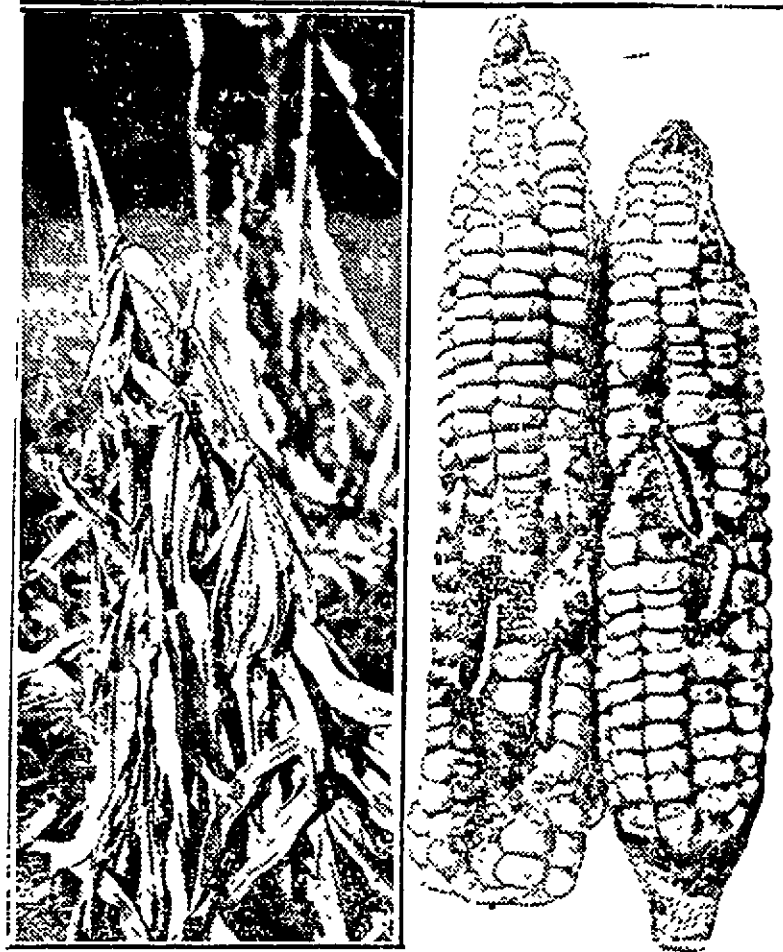

Arsenate of lead, two pounds to 50 gallons of water, is the mixture used to kill codling moths and canker worms. A sulphur lime mixture, one gallon to 35 gallons of water, controls fungus diseases and dry rot on the trees. When the apple aphids become very bad, a solution of nicotine sulphate, one part to 500 of water, is sprayed on the trees.

The mixture of arsenate of lead used by Mr. Stroober is stronger than most entomologists recommend, but the additional cost is more than offset by a better control of the insects.

Mr. Stroober has a large power spraying outfit. In addition to treating his own orchard of 1000 trees, he sprays over 150 orchards for farmers in this section of the country.

Practically every tree in Mr. Stroober's orchard bears fruit every season. The continued bearing is attributed to the spraying operations carried on by him year after year.

timothy and red clover field that he reseeded with the surplus alfalfa, while there is no sign at all of either wonderful stand and growth of alfalfa.

TWO VALUABLE BULLS SOLD OFF GRAND CHUTE FARM

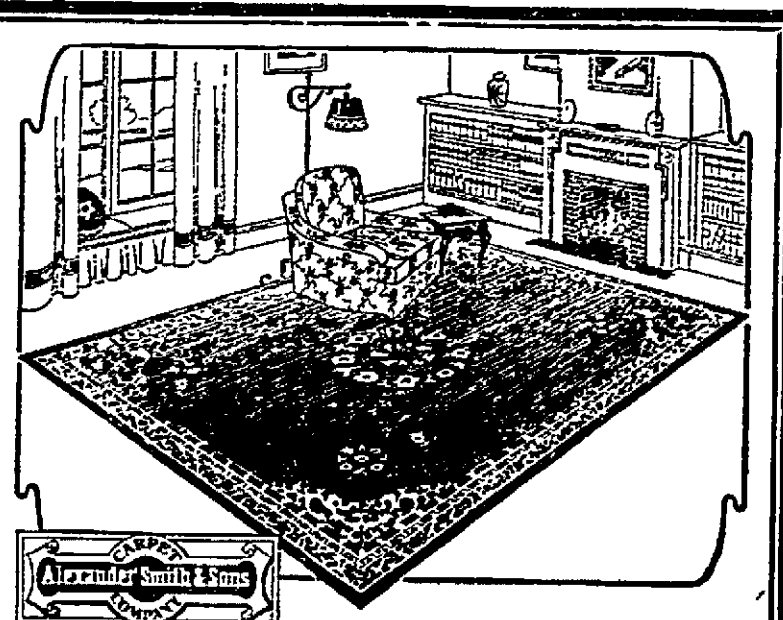

Special to Post-Crescent

Grand Chute.—J. P. Laux recently sold Homestead Piebe, a purebred Holstein sire, 15 months old, to the Holt Lumber Company, Oconto, to be placed on one of the company's dairy farms at Lakewood. Mr. Laux also sold a half interest in King Piebe

Pontiac Segis Lad, 3 years old, his own herd sire, to Peter Salm & Son, Grand Chute for a \$500 consideration.

More than 63 per cent of the cotton grown in this country, in the last two years, has been made into cloth in the south.

Not more than 15 per cent of southern cotton workers are unionized.

BREEDERS FROM OUT OF STATE BUY MANY WISCONSIN ANIMALS

March Set New Record for Sale of Badger Cattle to Foreign Farms

Impassable highways during the month of March this year did not prevent Wisconsin dairy farmers from shipping 3,300 head of dairy and breeding cattle to buyers from out of the state.

This number exceeded that of any previous March by at least 500 head. According to A. O. Collettine, dairy extension specialist of the Wisconsin College of Agriculture, Illinois and Iowa were the best buyers, each taking more than a thousand animals during the month.

Collettine says that the eastern trader is planning his faith on stock

from tuberculosis-free areas. The explanation for this is that he finds it difficult to sell except on a 60 to 90-day retest guarantee.

Record time is made on freight shipments of dairy stock from Wisconsin to eastern points where the shipper has availed himself of eastern through-freight trains. Collettine has found that most shippers using the freight route are loading their cars light and providing feed and water so as to avoid delays and possible stock yard infection in unloading while en route. Many other eastern shippers are shortening the time by using the express service and loading the cars to capacity thus cutting down the cost per head, and are avoiding the necessity of unloading.

Consigners at early sales found little competitive bidding for their offerings," declares Collettine. "The buyer is no doubt having his inning, but quality offerings have found ready sale and at somewhere near prices commensurate with values. Many pure bred breeders are off the market and are not making any additions to their herds on account of being overstocked. Others are palling their cows and selling the product while the market for bred stock is slow."

"The lack of competitive bidding has made it possible for the outside buyer to get offering at much below their values. Buyers from Idaho and Utah have taken an active interest in pure breeds. Recently a load was shipped to each state, and buyers of bulls for bull clubs in New Mexico purchased several with yearly records and of good type."

FARMERS REPORT AGAINST KELLEY'S FUN ON FARM SHOW

Decide Not to Hold Farmers' Picnic in Connection With Circus

Outagamie county farmers who visited John M. Kelly's "Fun on the Farm" circus at Baraboo, read an adverse report on the show at a meeting of farmers and representatives of the chamber of commerce of Appleton at the courthouse Monday evening. The farmers' committee was not satisfied with the show, which is scheduled to come here on July 18, and decided that the proposed farmers' picnic should be held on another date.

July 31 was selected as the date for the farmers' picnic and it is to be held in Pierce park. At a previous meeting it was decided that parade will be one of the features of the celebration.

Florets representing many phases of farm life will be entered in the procession which is to start at 10 o'clock in the morning.

ATHLETIC CONTESTS

Private basket dinners will be the rule. No concessions on the picnic grounds will be sold but all refreshments, lunch stands and games will be operated by committees of the picnic organization. There will be no speaking and no dancing but various contests will take place between winners in each local farm organization selected in preliminary contests. The exact nature of these contests is as yet unknown but pitching horse shoes, old time fiddling and athletic events were suggested.

In addition to the chairman of committees appointed at a former meeting, W. G. Jamison was elected chairman of the program committee, Walter Weickert, chairman of the basketball committee, John Spears, chairman of the committee on concessions and the chairman of all committees were elected to act as an executive committee. Monday, June 23, was set forth at a meeting of the executive committee in the assembly room of the Appleton Chamber of Commerce.

To provide for financial failure that might be caused by inclement weather on the day of the picnic, farm and city organizations and individuals guaranteed contributions to cover a possible shortage, ranging from \$5 to \$50 and totaling \$300. A great many more guarantees are expected.

Suspension Classes
No classes are being held at Appleton vocational school this week. The school closes June 20. Teachers of the school had a meeting Monday morning to discuss plans for next year.

Mrs. Wescott, wife of Lieut. Col. Robert Wescott, and children and mother, Mrs. J. F. Fuller of Nogales, Ariz., are visiting Appleton friends. Lieut. Col. Wescott is expected to join them in a few days on his way east.

ORDER POST MORTEM OF DROWNED WOMAN

Search of Lake Fails to Reveal Body of Male Companion of Teacher

By Associated Press
Milwaukee—Ozaukee county authorities Monday ordered a post mortem examination of Mrs. M. Hansen, West Bofo school teacher, found floating in Horn's lake, near Port Washington Saturday.

Decision for an examination was made after search for Fred Lindner, 31, Milwaukee, her companion, had been found without avail.

Lindner and the girl are reported to have gone boating about 9 o'clock Friday night. A boat, apparently that in which they had been riding, was found right side up near the shore Saturday and the body of the girl in the water near by.

The lake was drugged Saturday and Sunday in the belief that Lindner also may have been drowned.

Frank Kelvin, Milwaukee, and Miss Marjorie Lacy, another school teacher of West Bend, were of the party but had returned to shore in another boat earlier Friday night.

PLAY BY LUTHERANS IS FINANCIAL SUCCESS

Stevensville—The play, "The Deacon's Honeymoon," given by the Lutheran choir here recently was well presented and was a success financially.

HOMAN DROPS INJUNCTION ACTION AGAINST NEENAH

Neenah—A. C. Homan, Menasha motor bus owner, has withdrawn his suit against the city of Neenah to test the validity of the motor bus regulations imposed by the city council. Homan instituted an injunction suit restraining the city from enforcing the ordinance which prescribed parking rules, time limits and exacted a license fee. Two years ago a similar action was lost by the bus company.

COMMITTEES REPORT AT BAR ASSOCIATION MEETING

Further reports of committees were given at the meeting of the Outagamie County Bar association at the Conway hotel on Monday. The committees are at work on plans for the entertainment of the state bar association at its annual convention.

WRIGHT LEAVES FOR NEW CHURCH CHARGE

The Rev. E. W. Wright, formerly pastor of Memorial Presbyterian church, will leave next Thursday for Menominee, Mich., to take charge of a church there. His last services in Appleton were conducted on Sunday. In the evening the Baptist and Presbyterian congregations held a joint service in the Presbyterian church. Mrs. Wright and the children will leave by auto Tuesday for Chicago with her brother, L. E. Nickey of Fairbault, Minn. From there she will leave for Columbia City, Ind., to visit her father and sisters.

Arnold J. Fetting rural carrier on Route No. 6, started Monday on a two weeks' vacation. In the interim Earl C. Stecker, new substitute carrier, will deliver mail on that route.

Back Lame and Achy?

SUMMER find you tired and achy—tortured with a bad back? Are you worn out, nervous and dispirited—too miserable to enjoy a moment's comfort?

You should look, then, to your kidneys! Once these marvelous blood-filters weaken, there is slow poisoning of blood and nerves, and many mysterious aches and ills follow. Backache comes, with stabbing twinges, headaches, dizziness, and annoying kidney irregularities. You feel tired, weak—"all played out."

Don't wait! Use Doan's Pills. Home folks strongly recommend them. Ask your neighbor!

Here is Appleton Proof:

L. Birr, 671 Hancock-St., says: "I had a great deal of pain in my back, a continuous, dull ache. My kidneys caused me much annoyance as the secretions passed too freely and were of a dark color. Some men in the factory told me to try Doan's Pills so I got a box. One box of Doan's was all I needed as I didn't have backache any more and my kidneys acted all right again. I am glad to recommend them."

party should in turn develop a radical and conservative faction.

FEAR McADOO'S STRENGTH

This convention holds itself more or less aloof from the conference for progressive political action which is to take place in Cleveland on July 4, and which is expected to endorse Senator LaFollette. Some of the leaders here are doubtful whether the Cleveland conference will make any progress. They have the idea that William Gibbs McAdoo through his friendship with the heads of the railway brotherhoods will have considerable following in that convention and that if by chance he has been nominated by the Democrats in New York there will be a determined effort made by his friends to secure an endorsement for him at Cleveland in which case Senator LaFollette might not wish to run, for he is represented here as believing he ought not make the race unless he has the united support of all the elements at the Cleveland conference.

Aud for his comments on the Republican ticket. Mr. Rothenberg said: "Most of us feel that with a strike breaker at the head of the ticket (referring to Mr. Coolidge's part in the Boston police strike) and a Fascist for vice president, the Republicans have done exactly what might have been expected of them and made it all the more necessary that labor should be thoroughly organized."

CONSIDER TUBERCULIN TESTS FOR DAIRY HERDS

A meeting of the farmer patrons of the Lilly Cheese factory near Bear Creek will be held in the cheese factory on Wednesday evening. The question of whether the patrons shall have their entire herds tuberculin tested will be discussed. The cheese factory is a short distance north of Bear Creek.

MIDWEST LUTHERANS IN CONCLAVE AT MADISON

Madison—Approximately 300 members of the English Evangelical Lutheran church from Wisconsin, Minnesota, North and South Dakota and Montana were here Tuesday for the opening of the thirty-fourth annual convention of the northwest. Devotional services opened the morning session. Annual reports of the president and secretary were to be given Tuesday afternoon.

Leaves For Europe

Miss Margaret Sherman, who has been an instructor at Lawrence college during the last year, left Tuesday morning for the east from where she will embark on a tour of Europe occupying most of the summer. Miss Sherman will be a member of the party which has been arranged by Mlle. Marguerite Mainssonnat, instructor of French at the college. Considerable of the time will be spent in France learning the customs and ways of that country.

LORENZO B. ALLEN

(Special to Post-Crescent)
Waupaca—Lorenzo B. Allen, 82, veteran of the Civil War and prominent in musical circles in the city for many years, died at his home on Union-st Saturday, after an illness of but a few hours. He had been in failing health for about three weeks and death was caused by heart disease. He was a teacher in violin, director of the city band for a number of years. On Thursday evening he played with the band in the first concert this season, and on Friday went about his usual work but was taken with a severe heart spell on Friday evening and died about 3 o'clock Saturday morning. He leaves a son, Dr. Edward Allen; two grandsons, Edward, Jr., Senator Allen Scott, Waupaca; two sisters, Mrs. H. E. Fomeroy, Madison, Ill.; Mrs. Telford Jeffers, Antigo. He was a member of the Grand Army of the Republic and always took an active part in the local work of that order. The funeral will be held from the home at 2 o'clock Friday afternoon, with interment at Lakeside.

Mr. and Mrs. Lloyd Woodworth and family and Mr. and Mrs. Everett Granger visited friends in Fond du Lac Sunday.

GERMAN SEAMEN TAKE TO FARMING

Kiel, Germany. Former German naval officers to the number of 145 have become farmers. The land apparently has had a stronger call than might have been expected in the case of seafaring men. Eight of these officers became farmers in foreign lands and the remainder are in the German republic. They are said to be happy.

There were 2,500 commissioned officers in the German navy when the war began. Of these 247 were killed and 452 were retained in the navy, which now consists of only a slight coast defense. Consequently 1,801 officers had to seek new vocations. One officer only got a foreign job; he became a commander in the Peruvian navy.

Banks and financial institutions gave employment to 28 ex-officers and a similar number went into municipal and state administrative offices. One former admiral is now a counselor in the German Foreign Office. Fifty-seven ex-officers have become mechanics. One hundred in all have gone abroad, 41 of them having become clerks. The professions of most of the others have not been reported.

These figures are supplied by an organization of ex-officers which has sought to find employment for its members.

BROTHERHOOD OFFICIAL GIVES TANLAC CREDIT FOR RESTORING HEALTH

Oldest Member of B. R. T. South of Ohio Keeps Medicine in His Family Medicine Chest.

E. Walter Tripp, 324 Healey Bldg., Atlanta, Ga., legislative representative, Brotherhood Railway Trainmen, and oldest member of the Brotherhood south of the Ohio River, lends his name to further the cause of Tanlac, the medicine that has proved of such great benefit to him.

Mr. Tripp was formerly freight and passenger conductor on the Seaboard, W. & A., Southern and A. & W. P. He numbers his railroad friends by the score and is also a popular fraternal order man.

Mr. Tripp has also served as assistant collector internal revenue, Northern district of Georgia, and is now a publisher and editor.

"I have not been without Tanlac in my medicine chest in 8 years," said Mr. Tripp, "but I have had two experiences with it that stand out especially in my history. Once when I came in from my run with my stomach all upset and my digestion just about wrecked, Tanlac proved effective and I began to swear by it. Again following an accident that kept me in bed for a long time and pulled me down to a mere shadow of myself, I turned to Tanlac and it built my weight right up and gave me back all the energy and strength I ever had."

"Not only has Tanlac helped me, but I know so many of the brother trainmen who have benefited by it that I often call Tanlac the railroad man's best friend."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Don't Buy Telephone Attachments

Telephone attachments are being sold in a miscellaneous manner throughout the country and are occasionally purchased by subscribers and attached to their instruments. These so-called "helps," disinfectants, etc., are of little account and generally injure the service more than they improve it. Many of these devices get the lines and instruments into trouble and the Company, to protect its service, is obliged to remove them.

The telephone instrument provided and maintained by this Company, is the result of over 40 years of careful scientific development. It is designed to produce the best results and under normal conditions to give the highest quality of service used just as it stands.

We will be glad to consult with you and supply equipment to meet any unusual requirement which you may have but in the interests of good service the Company cannot permit attachments of any kind to their instruments.

COLLEGE SENIORS HONOR JUNIORS AT CLASS EXERCISES

Second Event of Lawrence Commencement Program is Held Monday Afternoon

Miss Dorothy Rohrer of Clintonville and Charles Marsh of Omro were the members of the junior class of Lawrence college who were honored by the senior class at the annual class day exercises at Lawrence Memorial chapel on Monday afternoon. Miss Rohrer was presented with the sash, which is given each year to the junior girl who in the estimation of the seniors has done the most for her class and who gives promise of continuing to be an all-around student. Miss Rohrer has been in a large number of activities. She is a member of Theta Sigma Phi, Mortar board and was elected to Phi Kappa as a junior. Her social sorority is Kappa Delta.

Mr. Marsh was given the historic spoon first presented in 1874. It now is given to the best all-around student in the class although it has gone through the evolution of requirements since it was originated. Mr. Marsh was editor of the 1925 Ariel, has been identified with many of the students' activities, is a member of Pi Delta Epsilon and Mace. His social fraternity is Beta Sigma Phi. He will be president of the All College club for next year.

Class day exercises were opened with organ selections by Elbert Smith. The class murmured the prophecy to Miss Muriel Millar, who read it to the class. Great changes will be made in the class, according to the prophecy. Miss Ellen Kinsman read the poem. Many important gifts were bequeathed in the last will and testament which was read for the class by Grant Verhulst. The presentation of the sash and spoon was made by Russell Flom, president of the senior class.

JOYRIDERS STEAL DE BAUFER TRUCK

A Ford automobile truck of the DeBaufer Oil company which was stolen on Monday evening was recovered by Patrolman Joseph Rankin and Officer Kobussen about five hours after it was taken.

The car was parked on Midway and stolen sometime between 9:30 and 10 o'clock, according to the owners. It was found by the police at 2 o'clock in the morning on Second-ave. between Appleton and Oneida-sts. where it was abandoned.

POLICE RELEASE MAN WANTED AT GREEN BAY

The Appleton man whose detention Green Bay authorities requested last week for the purpose of shedding light on the murder of Frank Lawinsk near Green Bay a week ago voluntarily went to the police station. The police, after questioning him, are satisfied that there is nothing to link him in any way with the tragedy, except that he appeared at the scene some time after the murder and was questioned by a Green Bay reporter.

ROGERS BUYS HOUSE AND LEASES IT TO SOLDIER

INJUNS, ANIMALS FEATURE CIRCUS

Al G. Barnes Circus Will Show on West Side Junior High School Grounds

"W-h-o-o-p-e!" "The Injuns are coming—uncover the covered wagon and save the women and children!"

From wild and arid desert of Arizona—the cactus-covered plains of Nevada and the rolling hills of New Mexico tribes of wild Indians have traveled to join the Al G. Barnes wild animal circus coming to Appleton Saturday June 28. The circus will show on the west end junior high school grounds.

These full-blooded American Indians will play an important role in the gigantic cast of the greatest, sensational circus feature of the age—"ro-cachontas at the Court of Queen Anne," the lyrical extravaganza that opens the big program.

Hopi, Washoe, Escondido and Apache Indians are some of the tribes to be represented in all their war-paint. The Hopi Indians will "show the world" how the famous Hopi Snake Dances are performed. Thousands of people travel to Arizona every year to witness the marvelous performance of the Hopi Indians, when the fantastic, religious snake dances are held to the rhythm of the weird aboriginal desert.

In the course of these dances the Hopis encircle themselves with poisonous rattlesnakes and put the heads of the deadly reptiles into their mouths. These ceremonies will be repeated under the big-tops where all can witness them. In addition to the "diabolical feats" of 2,000 educated wild animals.

Lotus, the largest blood-sweating performing hippopotamus in the world, will also be there. About 1,080 performers are included in the big show this year.

And last, but not least, there will be the greatest movie-star of them all—Joe Martin, himself.

It's the show that's different every year.

MILWAUKEE MEN SPEND WEEK AT LAKE WINNEBAGO

More than a dozen business men of Milwaukee, who have been fishing at Stockbridge for the last two weeks, broke camp Sunday. During their stay they leased all the rowboats in that immediate vicinity and spent the greater part of their time on the lake. Reports of extraordinary catches have been brought to Appleton.

FROM PERSONAL EXPERIENCE

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Phoebus, Virginia.—"Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicines. I have used them as occasion required for twenty years, and my three sisters have also used them, and with the most gratifying results. During the Change of Life I had the usual distressing symptoms—hot flashes, insomnia, etc.—and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial."—Mrs. H. L. BRADFORD, 109 Armistead St., Phoebus, Va.

Consider carefully Mrs. Bradford's letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

If you are suffering from nervous troubles, irritability, or if other annoying symptoms appear and you are blue at times, you should give the Vegetable Compound a fair trial. For sale by druggists everywhere.

WANT SCHEDULE OF LIABILITY CLAIMS

Commissioner W. H. Timm gave a report at the meeting of the Appleton Water commission Monday on the waterworks section of the League of Wisconsin Municipalities which was held in Eau Claire last week and which was attended by several city officials.

The commission Monday allowed a two weeks' payroll of \$1,406.76 and general accounts in the sum of \$10,487.70. Fred R. Morris, assistant secretary, was instructed to communicate with the state industrial commission with a view to obtaining a schedule of rates to be used in the settlement of workmen's compensation claims due to sickness or accident. The water department is not insured by any company, but carries its own liability insurance. The commission aims to settle claims on the same basis as is used under the state industrial commission.

George H. Ray, Sylvester Ray and Homer Seymour, who were employed at Michigan City, Ind., arrived in Appleton Sunday to spend a few days with the former's sister Mrs. M. C. Magnus, 728 Commercial-st. They are enroute to their home in Escanaba, Mich.

U. S. JOB SCHOOLS ARE CALLED 'FAKES'

Assistant Postmaster Makes Public Government Warning Against Courses

The National Vigilance committee of the Associated Advertising Clubs of the World is cooperating with the United States civil service commission in an effort to dissuade the public to certain "fakes" practiced by a particular class of correspondence schools that offer courses in training for civil service positions.

Herman J. Franck, local secretary of the civil service board, issued a joint warning of the two organizations mentioned that a number of so-called civil service schools are deceiving the public through their advertisements. Some of them seek to give and do give the impression that they have governmental connection, or have "inside" information on examination questions, and even intimate that they have influence with the civil service commission and will do the "steering" for the correspondence school students.

WANT MONEY BACK

The commission receives numerous letters from disappointed students who demand of the commission the return of money paid for tuition, because the advertisers professed to guarantee the success of the course. It was emphasized by the commission that no school has any connection with the commission or any other branch of government; that no school can give advance information regarding examination questions; that none can furnish civil service information of value which cannot be obtained free from the Appleton civil service board at the postoffice; no school can guarantee appointment. Appointment can be secured only through open competitive examination under civil service rules. No one can be appointed except in the order of the rating made as a result of the examination standings. It is said that correspondence schools take money from applicants who are practically illiterate and could never obtain an appointment.

Advertising managers of a number of newspapers are very careful in accepting advertising from correspondence schools offering civil service courses. Advertisements that appear to be deceptive are rejected, and no advertisements of this kind are classified under the "Help Wanted" heads, since such a classification would be misleading.

TWO MORE SPEEDERS PAY \$10 TO COUNTY TREASURY

Two more automobilists who were initiated into Judge A. M. Spencer's speeders club Monday were T. Tennessean of Little Chute and W. T. Klass of Oconto. The former was going 40 miles an hour on the Little Chute rd Sunday, according to Wilbur Bogan, county motorcycle officer, and the other was driving 44 miles an hour in Buchanan Saturday. It was charged by Officer John Frenz.

Chicago Judge Nabbed For Driving Too Fast

Shhhhhh! Tell it not in Gath! Publish it not in the streets of Askelon! But most particularly not in the streets of Chicago, for a certain resident of that city who is entrusted with the duty of sentencing naughty persons overstepped the limits of the law himself while on his drive over a road in Outagamie-co Sunday.

Now it may have been a severe breach of etiquette on the part of Wilbur Bogan, county motorcycle cop, when he overtook a machine and ordered the driver to pull up on the side of the road. But the speedcop says they all look alike to him.

This judiciary person, so the motorcop says, was ambling along at the modest gait of 60 miles an hour, a speed to which he may have been accustomed on Michigan-blvd, but one that is frowned upon on the Mack-ville rd.

The driver informed the officer that he was a judge, but speeders of Chicago who may have been sentenced by the court official probably will reward the officer for turning a deaf ear to the driver.

"Do you ever come to Chicago?" the officer was asked.

"Not often," he replied, "but believe me I'll keep out of your reach if I do."

The driver did not like publicity; he thought it would not be good for the folks back home. After considerable haggling over the name of the driver, a warrant was issued against "John Doe." He gave the customary fine of \$10.

Now comes the surprising thing about this incident. The name of John Doe cannot be found in the record of court officials of Chicago.

30 DOZEN ORANGES FOR \$2 IN FLORIDA ORCHARDS

Thirty dozens of oranges for two dollars and the picking was the price paid by Mahlon Peterson at St. Cloud, Fla., shortly before his return from there last week. Grapefruit and oranges are so plentiful there is no demand for them and a large portion of the crop is going to waste, he said.

The reason the crop is not shipped is said to be the high cost of transportation. Mr. Peterson said he shipped a crate of oranges to an Appleton friend, the express charges on which was slightly in excess of \$3. St. Cloud fruit growers are a unit for St. Lawrence-Great Lakes deep water way which they claim will cut the transportation rates in two.

St. Cloud had more tourists than it could take care of last winter. The city is growing by leaps and bounds and property is increasing rapidly in value. Mr. and Mrs. S. W. Benedict, who have been spending their winters in Florida for several years, are planning to spend the coming summer there, he said.

RAILROAD WORKERS QUIT WHEN THEY GET WAGES

Part of a crew of laborers employed on a gravel train of the Soo line at work a few miles north of Appleton, deserted their jobs Saturday after being paid off. They had no special grievance so far as could be learned. The train was engaged in graveling the roadbed between Neenah and Gresham.

12 1/2 POUND MUSKY CAUGHT OFF ISLAND IN LAKE WINNEBAGO

While fishing near Blackbird Island Sunday, August Steiner, 12 Newberry-st, an employee of Schlafer Hardware company, caught a muskellunge that weighed 12 1/2 pounds. He was using a spoonhook at the time and it took 20 minutes to land him. It was the first catch of the kind reported at this end of the Lake Winnebago in several years.

Mr. and Mrs. I. J. Cameron and children left Sunday for Pine Ridge resort, where they expect to remain for two weeks.

Neuritis Means Nerve Torture

The agonizing pain caused by neuritis has driven thousands of sufferers to the use of narcotics or other habit forming drugs. Probably no ailment that afflicts mankind is capable of producing more excruciating torture than an advanced case of nerve inflammation.

Thanks to medical science, it is no longer necessary for anyone to resort to dangerous drugs for the relief of this distressing complaint. Eopa Neuritis Tablets go direct to the cause of the trouble and help to remove it quickly, safely and effectively. They contain no "dope"—no habit-forming drugs. Their action is highly beneficial to the entire system, and the weak, inflamed nerves usually respond to their healing influence with amazing rapidity.

If you want to be free from neuritis misery, go today and obtain a package of Eopa Neuritis Tablets. Price \$1.00. Sold in Appleton by Voigt's Drug Store and all other leading druggists. Boericke & Runyon Co., Mfrs., San Francisco.—Advertisement.

Here's the Latest—Cod Liver Oil in Tasteless Tablets

Greatest Flesh Builder For Skinny, Weak, Run-Down People—Full of Vitamines.

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Med cal science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk

into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of magnesia.

Thin, run-down, anaemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite. Tablets. Schlitz Bros. Co., Downer's Drug Store or any good druggist will tell you that they are wonderful flesh and health builders. Only sixty cents for 60 tablets.

"Get McCoy's, the original and genuine Cod Liver Oil Tablet and beware of imitations." adv.

TRIO HURT WHEN CAR TURNS TURTLE

Shawano Youths Have Narrow
Escape When Car Fails in
Attempt to Pass Another

Special to Post-Crescent
Seymour—Three Shawano young men suffered cuts and bruises when their car turned turtle on highway 55 two miles north of Seymour about 5 o'clock Monday afternoon. They were Max Behling, Marion Holz and Claude Nachtwey.

The trio had visited Seymour in search of employment and were on their way home. They attempted to pass a Ford car and a truck going in the same direction. Their car caught the fender of the truck, causing it to leave the road and roll over two or three times in the ditch.

All three were cut and bruised but no bones were broken. They were able to go to their homes late in the evening after having the automobile repaired. Considerable damage was done to the car.

The truck was loaded with coal for the Arthur Landtke cheese factory and the crash caused it to go into the ditch but it did not tip over.

Party Machinery Must Move Swiftly In Order To Elect New President For Nation

Candidates Usually Are Allowed to Name National Chairmen of Their Parties — Coolidge Will Receive Party's Notification of Nomination Within Few Weeks.

BY FREDERICK J. HASKIN
Washington, D. C. — After the Republicans and Democrats have adjourned their national conventions, with tickets nominated and platforms adopted, the next thing in order will be the real business of electing a president of the United States. There is much to be done before the first of November and but four short months in which to do it.

First of all comes the reorganization of the party machinery. Members of the national committees are chosen by the state delegations prior to or during the conventions and the new committees will hold their first sessions immediately following. National chairmen, secretaries and other officers will be named, committees will be appointed and preliminary arrangements made for the campaign.

While the committees elect, the presidential nominees always designate the national chairmen for their respective parties. This is an unwritten law that is observed in order that there may be perfect harmony between the candidate and the organization to which his political fortunes are entrusted. In the case of the Republicans it has already been announced that Chairman Butler of the Coolidge nominating organization will succeed to the national chairmanship; but it is a matter of speculation as to who will be the generalissimo of the Democratic fighting forces for the very good reason that no one knows who the nominees for president will be.

One of the first duties of the new chairmen will be to make arrangements for the notification ceremonies. Both conventions will name committees to notify the successful candidates for president and vice president, but it is up to the campaign committees to see to it that the affairs are made as impressive and notable as possible. In his speech of acceptance each presidential nominee makes his first formal campaign utterance, sounding the keynote of his appeal to the voters of the nation, and the occasion always offers opportunities for a broadside of publicity.

This year the speeches of acceptance will be broadcast by radio and it will be possible for millions of people throughout the country to listen in and get their first thrill of the campaign.

The notification ceremonies are held at the time and place agreeable to the candidates, of course, but such questions are usually settled by them after consultation with the party managers. As a rule the notification comes within five or six weeks after the convention, and it is assumed that President Coolidge will hold his pleasant little surprise in Washington inasmuch as it has been announced that he will remain here throughout the summer.

OPENING HEADQUARTERS

Both the great parties maintain permanent headquarters in Washington, but for the campaign they invariably open large establishments in New York and Chicago. Four or five floors of a large office building do not afford too much space for the requirements of a national committee and its staff, and it is one of the evidences of American efficiency in politics as well as in business that such elaborate headquarters can be manned and made to function smoothly and efficiently within a few short weeks.

The activities of a national committee are directed largely along three lines — organization, publicity and speaking. The first includes the machinery that reaches from the big headquarters down to the individual voter, with state, district, county, and precinct subsidiaries and includes campaign clubs special bureaus for first voters foreign born citizens, labor women, etc., and the organization that fills the party's war chest, which is in many respects most important of all. If campaign funds are not forthcoming obviously there can not be much of a campaign.

This year the matter of raising money for the national and local committees will be more important than ever, for recent disclosures in congress have made it certain that care must be taken not only as to the amounts that are raised and expended, but as to the source and size of the contributions. Also it is likely that the day of the large campaign fund subscription has passed, for rich men will hesitate to donate big sums, fearing that they may be hailed before future investigating committees and their motives questioned or impugned.

In the circumstances, the job of treasurer of a national committee is not one for which party leaders will scramble. The job will seek the man. In fact, it will probably be forced upon him.

THE CAMPAIGN TEXTBOOK

The publicity department of a national organization is exactly what its name implies and its importance can not be over-stated. Its first task is to prepare and publish the campaign textbook. This is a small volume that includes the party platform, the presidential candidate's speech of acceptance, the party's record by way of legislation and administration, and all the data upon which the party bases its appeal to be continued in or returned to power. This textbook is in effect a guidebook for all campaign speakers and for all state and local committees.

Millions of copies of speeches and documents intended to make an especial appeal to voters are published and distributed by the publicity bureau, news and editorial matter and

cartoons are prepared and furnished to friendly newspapers throughout the country, posters and lithographs and campaign buttons are provided by the million, paid advertising matter is prepared and placed in newspapers and magazines, motion picture material is worked up and radio stunts are devised. Necessarily, all this publicity work is expensive, for there is no limit to the amount of money that can be spent legitimately, although much of it may be wasted.

Through the speakers' bureau the national committee dates, and routes all its spellbinders of national reputation, complying as far as possible with requests for their services, but most of them are only reimbursed for their traveling expenses. Much of the national committee's campaign plans depends upon the course which the presidential nominee decides to follow. He may elect to carry on a front porch campaign, such as McKinley inaugurated and Harding emulated, or he may decide to make a few big speeches in important and strategic centers of population, or, like Hughes, in 1916, and Bryan in all of his campaigns, he may conclude that he wants the largest possible number of voters to see and hear him and consequently plans extended tours or swings around the circle.

Last of all the committees concentrate on getting out the vote on election day, and there is where precinct organization counts. It is peculiar but true that not only will immense numbers of voters forget or neglect to go to the polls unless they are reminded to do so, but almost equally large numbers will not turn out unless they are personally solicited or even hauled to the voting places in automobiles. This year both parties will make an especially hard drive to get out the maximum vote. In 1920 less than 50 per cent of the possible voters exercised their franchise rights, and it is hoped that 1924 will witness a substantial increase in this percentage.

Louis Ziesemer and A. Leach of Kenosha, spent the weekend here with Mr. Ziesemer's brother, the Rev. R. E. Ziesemer, 1923 Sixth-st. They left Monday for Forestville, where they will camp for a week.

CARS FORCE ABANDONMENT OF INTERURBAN RAILWAY

The interurban line between Oshkosh and Omro has been abandoned by the Wisconsin Power and Light company of Oshkosh, and the company will continue to operate a bus line to that point.

Operation of the interurban line has been a losing proposition since the advent of automobiles, said A. M. Farrell, manager of the company. The patronage fell off to such an extent that the operation of the line

represented a loss of over \$5,000 in 1923.

It also stated that the line needed much repairing that engineers in a survey estimated it would cost between \$80,000 and \$90,000 to put the system in proper shape. City officials of Oshkosh are investigating just what effect the abandonment of the line will have on the city franchise held by the power company.

Mr. and Mrs. Rees Edwards and children Earl and Dorothy of Oshkosh, visited friends here Sunday.

istics of the Successful Home Missionary."

Cab in Collision
A Black and White taxicab and a Ford car belonging to G. A. Miller, 1157 Oklahoma-ave, were damaged in a collision at 7:55 Sunday evening. The taxicab was driven by Lawrence Booth, an employee of the Conway hotel, and was struck in the rear as it was turning from the south on Durkeet and turning left into the alley at the rear of the Black and White Cab company garage. Both rear fenders and the left front hub

cap of the taxicab were broken, while the right front fender and right front hub cap of the Miller car were damaged.

COLLEGE MENTORS GET INCREASE IN THEIR SALARIES

Selection of Site for New Lawrence Gymnasium Referred to Committee

Selection of the site for the new Lawrence college gymnasium, extent of improvements on the newly acquired athletic field and choice of an engineer to outline the improvements was referred to the executive committee of the board of trustees at the semi-annual meeting of the trustees and visitors at Carnegie library on Monday afternoon. Routine business was transacted by the board which received a number of reports of committees on routine matters.

Salaries of the professors were raised \$200 a year and those of assistant professors and instructors \$100 a year. Dr. R. M. Bagg was granted a leave of absence for the latter part of the next school year. The Rev. Samuel Cookson was appointed financial secretary for another year. Mrs. Stephen C. Rosebush and George Baldwin were re-elected alumni trustees.

Resolutions of regret were offered to the board for the death of Miss Zella Anne Smith, for many years librarian and for the death of Theodore Otgen of Milwaukee who had been a trustee of the college since 1894. Dr. Plantz recommended that a portrait of Miss Smith be placed in the college library.

The budget for the coming year adopted by the trustees amounted to \$240,000 for the college of liberal arts and \$58,900 for the conservatory of music. Of the college of liberal arts amount, \$30,600 is for administration, \$84,950 for college maintenance including janitor force, repairs, fuel, lecture courses, laboratories and the like and \$125,350 for instruction. The cost of running the dormitories during the past year was reported to the board as \$129,600.

The new athletic field will be surveyed during the summer and it is likely will be put in use during the next year. Mr. Cookson was instructed to continue his work toward getting subscriptions for the gymnasium which will not be built until most of the money has been raised.

George Moody of Weyauwega, was here on business Monday.

Oldest Grad Of Lawrence Visits Here

Henry Colman the oldest living graduate of Lawrence college, a member of the first graduating class, a member of the board of trustees for 55 years and his wife, Mrs. Lucinda Darling Colman, also of the first graduating class are perhaps the most distinguished alumni present for the commencement exercises.

Mr. Colman is 90 years old and Mrs. Colman is a year his junior. Their romance started when they were students at Lawrence. They have been married 64 years.

Mr. and Mrs. Colman entered Lawrence college in 1850, a few months after it was opened to students. Mrs. Colman was from Racine and her husband had come from Bridgeport, Vt., with his parents. His father the Rev. Henry R. Colman was a charter member of the Wisconsin conference and was one of the two persons chosen to select the site of Lawrence college. The father was the steward of the boarding hall when the college opened in 1850.

Both Mr. and Mrs. Colman graduated from Lawrence 67 years ago with the first graduating class. Mr. Colman took his master's degree in 1860 and received the degree of doctor of divinity in 1879. He has an almost perfect record of attendance at board of trustee meetings since his election to the board 55 years ago.

DEATH OF NEW LONDON WOMAN RECALLS TRAGEDY

The death of Mrs. Lottie Smalley Weaver of New London last week recalls to her Appleton friends the fatal coasting accident on Lake Michigan more than 30 years ago in which three Appleton persons lost their lives and several others narrowly escaped drowning. Mrs. Weaver was a member of the party on the coaster that crashed through the side of the old wooden bridge and with others was rescued at the railroad bridge several hundred feet below. She had been visiting here several days prior to the accident.

GREEN BAY FETES KIWANIS MEMBERS

Dinner Will Be Served Wednesday Evening at Bay Beach for Two Clubs

Appleton Kiwanis club will hold its regular luncheon Wednesday, noon because most of the members will go to Green Bay in the evening for a dinner at Bay beach.

Green Bay Kiwanians were sponsors for the Appleton and Oconto clubs while being organized and the dinner is given in honor of the chartering of the two groups.

Dinner is to be served at Bay beach pavilion promptly at 6:30. The speaker will be Douglas Malloch of Chicago, well known poet and humorist. His address will last 45 minutes and dancing will begin at 9 o'clock. The local club planned a "zero hour" dinner for Monday evening at Vermilion, when all clubs in the international organization met simultaneously with the convention at Denver, but it was called off during the afternoon because quite a number were unable to be present.

C. C. RURAL COMMITTEE PLANS CORDIALITY MOVE

Better relations between the city and country people will be fostered by the rural affairs committee of the chamber of commerce this year with the intention of developing the cordial feeling which has been built up in the past season.

Plans by which this will be accomplished will be mapped out by the committee at an organization dinner at 6:15 Wednesday evening at Vermilion. Dr. H. K. Pratt is the chairman.

One of the first tasks will be that of assisting in the arrangements for the farmers picnic here within the next few weeks.

ALEXANDER SIGNS COLLEGE DIPLOMAS FOR 25TH SEASON

Louis M. Alexander, president of the board of trustees and visitors at Lawrence college signed the Lawrence degrees for the twenty-fifth time on Monday afternoon. Mr. Alexander, who is president of the Nelson-Edwards Paper company, has been president of the board for a quarter-century. He has been a trustee of the college for 30 years having become a member of the board the year that Dr. Samuel Plantz was elected to the presidency.

Mr. Alexander donated Alexander gymnasium which was erected in 1901 and which will be replaced in the near future by a larger structure.

DENY RUMORS THAT PLANTZ RESIGNED

Rumors that Dr. Samuel Plantz, president of Lawrence college for the past 30 years, resigned from his position at the meeting of the board of trustees and visitors on Monday afternoon were denied by Dr. Plantz Tuesday morning. Dr. Plantz said that he had no intention of resigning at this time but he supposed that when a man reached the age of 65 as he did last week, people began to expect him to retire.

The president said that any rumors of his resignation had been started on supposition. He said that probably the rumors were given credence because the Carnegie foundation requires college presidents on pension at the age of 65. The Lawrence president said that until he found it hard to climb the stairs to his office every day he was not thinking of retiring.

Parties At Brighton
Two feature parties have been planned for this week at Brighton beach by Charles Maloney, manager of the dance pavilion.
